Employment at Will

Employment at Fremont Dog Plaza is on an at-will basis unless otherwise stated in a written individual employment agreement signed by the owner of the company.

This means that either the employee or the company may terminate the employment relationship at any time, for any reason, with or without notice.

Nothing in this employee handbook creates or is intended to create an employment agreement, express or implied. Nothing contained in this, or any other document provided to the employee is intended to be, nor should it be, construed as a contract that employment or any benefit will be continued for any period of time. In addition, no company representative is authorized to modify this policy for any employee or to enter into any agreement, oral or written, that changes the at-will relationship.

Any salary figures provided to an employee in annual or monthly terms are stated for the sake of convenience or to facilitate comparisons and are not intended to and do not create an employment contract for any specific period of time.

Nothing in this statement is intended to interfere with, restrain, or prevent concerted activity as protected by the National Labor Relations Act (NLRA). Such activity includes employee communications regarding wages, hours, or other terms or conditions of employment. Fremont Dog Plaza employees have the right to engage in or refrain from such activities.

Equal Opportunity Disclosure

Fremont Dog Plaza will provide equal employment opportunities to all employees and applicants for employment without regard to race, color, creed, ancestry, national origin, citizenship, sex or gender (including pregnancy, childbirth, and pregnancy-related conditions), gender identity or expression (including transgender status), sexual orientation, marital status, religion, age, disability, genetic information, service in the military, or any other characteristic protected by applicable federal, state, or local laws and ordinances. Equal employment opportunity applies to all terms and conditions of employment, including hiring, placement, promotion, termination, layoff, recall, transfer, leave of absence, compensation, and training.

Fremont Dog Plaza expressly prohibits any form of unlawful employee harassment or discrimination based on any of the characteristics mentioned above. Improper interference with the ability of other employees to perform their expected job duties is absolutely not tolerated.

Fremont Dog Plaza will endeavor to make a reasonable accommodation of an otherwise qualified applicant or employee related to an individual's physical or mental disability, sincerely held religious beliefs and practices, and/or any other reason required by applicable law, unless doing so would impose an undue hardship upon Fremont Dog Plaza's business operations.

Any employees with questions or concerns about equal employment opportunities in the workplace are encouraged to bring these issues to the attention of the HR manager. The company will not allow any form of retaliation against individuals who raise issues of equal employment opportunity. Employees who feel they have been subjected to any such retaliation should bring it to the attention of the HR manager or owner.

Retaliation means adverse conduct taken because an individual reported an actual or a perceived violation of this policy, opposed practices prohibited by this policy, or participated in the reporting and investigation process described below. “Adverse conduct” includes but is not limited to:
(1) Shunning and avoiding an individual who reports harassment, discrimination, or retaliation;
(2) Express or implied threats or intimidation intended to prevent an individual from reporting harassment, discrimination, or retaliation; *or*
(3) Denying employment benefits because an applicant or employee reported harassment, discrimination, or retaliation or participated in the reporting and investigation process.

Other examples of retaliation include firing, demotion, denial of promotion, unjustified negative evaluations, increased surveillance, harassment, and assault.

Complaints of discrimination should be filed according to the procedures described in the Harassment and Complaint Procedure.

Americans with Disabilities Act (ADA) and Reasonable Accommodation

Fremont Dog Plaza is committed to the fair and equal employment of individuals with disabilities under the ADA. It is Fremont Dog Plaza’s policy to provide reasonable accommodation to qualified individuals with disabilities unless the accommodation imposes an undue hardship on the company. Fremont Dog Plaza prohibits any harassment, or discriminatory treatment, of employees based on a disability or because an employee has requested a reasonable accommodation.

In accordance with the ADA, reasonable accommodations will be provided to qualified individuals with disabilities to enable them to perform the essential functions of their jobs or to enjoy the equal benefits and privileges of employment. An employee with a disability may request an accommodation from the HR department and engage in an informal process to clarify what the employee needs and to identify possible accommodations. If requested, the employee is responsible for providing medical documentation regarding the disability and possible accommodations. All information obtained concerning the medical condition or history of an applicant or employee will be treated as confidential information, maintained in separate medical files, and disclosed only as permitted by law.

It is the policy of Fremont Dog Plaza to prohibit harassment or discrimination based on disability or because an employee has requested a reasonable accommodation. Fremont Dog Plaza prohibits retaliation against employees for exercising their rights under the ADA or other applicable civil rights laws. Employees should use the procedures described in the Harassment and Complaint Procedure to report any harassment, discrimination, or retaliation they have experienced or witnessed.

Harassment and Complaint Procedure

It is Fremont Dog Plaza's policy to prohibit intentional and unintentional harassment of or against job applicants, contractors, interns, volunteers, or employees by another employee, manager, vendor, customer, or third party based on actual or perceived race, color, creed, religion, national origin, ancestry, citizenship status, age, sex or gender (including pregnancy, childbirth, and pregnancy-related conditions), gender identity or expression (including transgender status), sexual orientation, marital status, military service and veteran status, physical or mental disability, genetic information, or any other characteristic protected by applicable federal, state, or local laws. Such conduct will not be tolerated by Fremont Dog Plaza.

Furthermore, any retaliation against an individual who has complained about sexual or other harassment or retaliation against individuals for cooperating with an investigation of a harassment complaint is similarly unlawful and will not be tolerated. Fremont Dog Plaza will take all reasonable steps necessary to prevent and eliminate unlawful harassment.

Definition of Unlawful Harassment:

"Unlawful harassment" is conduct that has the purpose or effect of creating an intimidating, a hostile, or an offensive work environment; has the purpose or effect of substantially and unreasonably interfering with an individual's work performance; or otherwise adversely affects an individual's employment opportunities because of the individual's membership in a protected class.

Unlawful harassment includes, but is not limited to, epithets; slurs; jokes; pranks; innuendo; comments; written or graphic material; stereotyping; or other threatening, hostile, or intimidating acts based on race, color, ancestry, national origin, gender, sex, sexual orientation, marital status, religion, age, disability, veteran status, or another characteristic protected by state or federal law.

Definition of Sexual Harassment:

While all forms of harassment are prohibited, special attention should be paid to sexual harassment. "Sexual harassment" can include all of the above actions, as well as other unwelcome conduct, and is generally defined under both state and federal law as unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature whereby:

- Submission to or rejection of such conduct is made either explicitly or implicitly a term or condition of any individual's employment or as a basis for employment decisions.
- Such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, a hostile, or an offensive work environment.

Other sexually oriented conduct, whether intended or not, that is unwelcome and has the effect of creating a work environment that is hostile, offensive, intimidating, or humiliating to workers may also constitute sexual harassment.

While it is not possible to list all those additional circumstances that may constitute sexual harassment, the following are some examples of conduct that, if unwelcome, may constitute sexual harassment

depending on the totality of the circumstances, including the severity of the conduct and its pervasiveness:

- Unwanted sexual advances, whether they involve physical touching or not;
- Sexual epithets; jokes; written or oral references to sexual conduct; gossip regarding one's sex life; comments about an individual's body; and comments about an individual's sexual activity, deficiencies, or prowess;
- Displaying sexually suggestive objects, pictures, or cartoons;
- Unwelcome leering, whistling, brushing up against the body, sexual gestures, or suggestive or insulting comments;
- Inquiries into one's sexual experiences; *and*
- Discussion of one's sexual activities.

All employees should take a special note that, as stated above, retaliation against an individual who has complained about sexual or other harassment and retaliation against individuals for cooperating with an investigation of sexual or other harassment complaints violates Fremont Dog Plaza's policy.

Complaint Procedure:

If you believe you have been subject to or have witnessed unlawful discrimination, including sexual or other forms of unlawful harassment, or other inappropriate conduct, you are requested and encouraged to make a complaint. You may submit a complaint directly to your immediate manager or department manager, the HR manager, or any other member of management with whom you feel comfortable bringing such a complaint. Similarly, if you observe acts of discrimination toward or harassment of another employee, you are requested and encouraged to report the behavior to a manager.

All complaints will be investigated promptly, and confidentiality will be protected to the extent possible. A timely resolution of each complaint should be reached and communicated to the parties involved.

If the investigation confirms conduct has violated this policy, Fremont Dog Plaza will take immediate, appropriate, corrective action, including discipline, up to and including immediate termination.

No reprisal, retaliation, or other adverse action will be taken against an employee for making a complaint or report of discrimination or harassment or for assisting in the investigation of any such complaint or report. Any suspected retaliation or intimidation should be reported immediately to one of the persons identified above.

Conflicts of Interest and Confidentiality

Conflicts of Interest:

Fremont Dog Plaza expects all employees to conduct themselves and company business in a manner that reflects the highest standards of ethical conduct and in accordance with all federal, state, and local laws and regulations. This includes avoiding real and potential conflicts of interest.

Exactly what constitutes a conflict of interest, or unethical business practices, is both a moral and a legal question. Fremont Dog Plaza recognizes and respects the individual employee's right to engage in activities outside of employment that are private in nature and do not in any way conflict with or reflect poorly on the company.

It is not possible to define all the circumstances and relationships that might create a conflict of interest. If a situation arises in which there is a potential conflict of interest, the employee should discuss this with a manager for advice and guidance on how to proceed. The list below suggests some of the types of activities that indicate improper behavior, unacceptable personal integrity, or unacceptable ethics:

1. Simultaneous employment by another firm that is a competitor of Fremont Dog Plaza;
2. Carrying on company business with a firm in which the employee, or a close relative of the employee, has a substantial ownership or interest;
3. Holding a substantial interest in, or participating in the management of, a firm to which the company makes sales or from which it makes purchases;
4. Borrowing money from customers or firms, other than recognized loan institutions, from which our company buys services, materials, equipment, or supplies;
5. Accepting substantial gifts or excessive entertainment from an outside organization or agency;
6. Speculating or dealing in materials, equipment, supplies, services, or property purchased by the company;
7. Participating in civic or professional organization activities in a manner that divulges confidential company information;
8. Misusing privileged information or revealing confidential data to outsiders;
9. Using one's position in the company or knowledge of its affairs for personal gains; *and*
10. Engaging in practices or procedures that violate antitrust laws, commercial bribery laws, copyright laws, discrimination laws, campaign contribution laws, or other laws regulating the conduct of company business.

Confidential Information:

The protection of confidential business information and trade secrets is vital to the interests and success of Fremont Dog Plaza. Confidential information is any and all information disclosed to or known by you because of employment with the company that is not generally known to people outside the company about its business.

An employee who improperly uses or discloses trade secrets or confidential business information will be subject to disciplinary action up to and including termination of employment and legal action, even if the employee does not actually benefit from the disclosed information.

Employee Work and Treatment Standards

Employee privacy

It is Fremont Dog Plaza's goal to respect the individual privacy of its employees as well as maintain a safe and secure workplace. When issues of safety and security arise, you may be requested to cooperate with an investigation. The investigation may include the following procedures to safeguard the company and its employees: searches of personal belongings, searches of work areas, searches of private vehicles on company premises, medical examinations, and the like. Failure to cooperate with an investigation is grounds for termination. Providing false information during any investigation may lead to discipline, including termination.

Employees are expected to make use of company facilities only for the business purposes of the company. Accordingly, materials that appear on company hardware or networks are presumed to be for business purposes, and all such materials are subject to review by the company at any time without notice to the employees. Employees must understand there is no privacy with respect to any material on company property. Fremont Dog Plaza regularly monitors its communications systems and networks as allowed by law. Monitored activity may include voice, email, and text communications, as well as Internet search and browsing history. Employees who make excessive use of the communications system for personal matters are subject to discipline. Employees are expected to keep personal communication to a minimum and to emergency situations.

Video Surveillance:

As part of its security measures and to help ensure a safe workplace, Fremont Dog Plaza has positioned video cameras to monitor various areas of its office. Video cameras will not be used in private areas, such as break rooms, restrooms, locker/dressing rooms, etc. Recorded videotapes shown to the public and/or law enforcement will not include an audio component unless the audio is necessary to maintain safety.

Policy and Procedure Regarding Use and Disclosure of Social Security Numbers

Purpose:

This policy and procedure reviews Fremont Dog Plaza's general standards and practices for how Social Security numbers are gathered, stored, disclosed, and ultimately disposed of.

Policy:

It is Fremont Dog Plaza's policy that Social Security numbers obtained from employees, vendors, contractors, customers, or others are confidential information.

Social Security numbers will be obtained, retained, used, and disposed of only for legitimate business reasons and in accordance with the law and this policy.

Procedure:

Documents or other records containing employee Social Security numbers generally will be requested, obtained, or created only for legitimate business reasons consistent with this policy. For example, Social Security numbers may be requested from employees for tax reporting purposes (i.e., Internal Revenue Service (IRS) Form W-4), for new hire reporting, or for purposes of enrollment in the company's employee benefit plans.

Retention and Access to Social Security Numbers:

All records containing Social Security numbers (whether partial or complete) will be maintained in secure, confidential files with limited access.

Unauthorized Use/Disclosure of Social Security Numbers:

Any employee who obtains, uses, or discloses Social Security numbers for unauthorized purposes or contrary to the requirements of this policy and procedure may be disciplined, up to and including discharge. The company will cooperate with government investigations of any person alleged to have obtained, used, or disclosed Social Security numbers for unlawful purposes.

Employment Classification

In order to determine eligibility for benefits and overtime status and to ensure compliance with federal and state laws and regulations, Fremont Dog Plaza classifies its employees as shown below. Fremont Dog Plaza may review or change employee classifications at any time in accordance with federal and state laws and regulations.

Exempt:

Exempt employees are typically paid on a salary basis and are not eligible to receive overtime pay.

Nonexempt:

Nonexempt employees are paid on an hourly basis and are eligible to receive overtime pay for overtime hours worked.

Regular, Full Time:

Employees who are not in a temporary status and work a minimum of 30 hours weekly and maintain continuous employment status. Generally, these employees are eligible for the full-time benefits package and are subject to the terms, conditions, and limitations of each benefits program.

Regular, Part Time:

Employees who are not in a temporary status and who are regularly scheduled to work less than 30 hours weekly but at least 20 hours weekly and who maintain continuous employment status. Part-time employees are eligible for some of the benefits offered by the company and are subject to the terms, conditions, and limitations of each benefits program.

Temporary, Full Time:

Employees who are hired as interim replacements to temporarily supplement the workforce or to assist in the completion of a specific project and who are temporarily scheduled to work the company's full-time schedule for a limited duration. Employment beyond any initially stated period does not in any way imply a change in employment status.

Temporary, Part Time:

Employees who are hired as interim replacements to temporarily supplement the workforce or to assist in the completion of a specific project and who are temporarily scheduled to work less than 30 hours weekly for a limited duration. Employment beyond any initially stated period does not in any way imply a change in employment status.

Meal and Rest Breaks

Employees are entitled to a 30-minute paid meal break each day. Employees are also entitled to two 15-minute rest periods each day. Meal and rest breaks will be scheduled by the department manager or manager.

Time Records

All nonexempt employees are required to complete accurate weekly time reports showing all the time actually worked. These records are required by governmental regulations and are used to calculate regular and overtime pay. At the end of each week, you and your manager must sign the time sheet attesting to its correctness.

Overtime

When required due to the needs of the business, you may be asked to work overtime. Overtime is actual hours worked in excess of 40 in a single workweek. Nonexempt employees will be paid overtime compensation at the rate of one and one-half of their regular rate of pay for all hours over 40 actually worked in a single workweek. Paid leave, such as holiday, paid time off (PTO), bereavement time, and jury duty, do not apply toward work time. All overtime work must be approved in advance by a manager or manager.

Deductions from Pay/Safe Harbor Exempt Employees

Fremont Dog Plaza does not make improper deductions from the salaries of exempt employees and complies with the salary basis requirements of the Fair Labor Standards Act (FLSA). Employees classified as exempt from the overtime pay requirements of the FLSA will be notified of this classification at the time of hire or change in position.

Permitted Deductions:

The FLSA limits the types of deductions that may be made from the pay of an exempt employee. Deductions that are permitted include:

- Deductions that are required by law, e.g., income taxes;
- Deductions for employee benefits when authorized by the employee;
- Absence from work for 1 or more full days for personal reasons other than sickness or disability;
- Absence from work for 1 or more full days due to sickness or disability if the deduction is made in accordance with a bona fide plan, policy, or practice of providing compensation for salary lost due to illness;
- Offset for amounts received as witness or jury fees or for military pay;
- Unpaid disciplinary suspensions of 1 or more full days imposed in good faith for workplace conduct rule infractions; *and*
- Any full work week in which the employee does not perform any work.

During the week an exempt employee begins work for the company or during the last week of employment, the employee will only be paid for actual hours worked. In addition, an employee may be paid only for hours worked during a period when the employee is using unpaid leave under the Family and Medical Leave Act (FMLA).

Improper Deductions:

If an employee classified as exempt believes that an improper deduction has been taken from the employee's pay, the employee should immediately report the deduction to the HR manager. The report will be promptly investigated, and if it is found that an improper deduction has been made, the company will reimburse the employee for the improper deduction.

Paychecks

Fremont Dog Plaza's pay period for all employees is weekly on Wednesday, Thursday, or Friday. If payday falls on a federal holiday, employees will receive their paycheck on the preceding workday. Paychecks are directly deposited into the employees' checking and/or savings accounts.

Access to Personnel Files

Employee files are maintained by the HR manager and are considered confidential. Managers and managers may only have access to personnel file information on a need-to-know basis. Employees may inspect their own personnel files and may copy them but may not remove documents from their file. Inspections by employees must be requested in writing to the HR manager and will be scheduled at a mutually convenient time or as required under state law. Personnel files are to be reviewed by the HR manager. Representatives of government or law enforcement agencies, in the course of their duties, may be allowed access to filing information.

Employment of Relatives and Domestic Partners

Relatives and domestic partners may be hired by the company if (1) the persons concerned will not work in a direct manager relationship, and (2) the employment will not pose difficulties for supervision, security, safety, or morale. For the purposes of this policy, “relatives” are defined as spouses, children, siblings, parents, or grandparents. A “domestic partnership” is generally defined as a committed relationship between two individuals who are sharing a home or living arrangements.

Current employees who marry each other or become involved in a domestic partnership will be permitted to continue employment with the company provided they do not work in a direct manager relationship with each other or otherwise pose difficulties as mentioned above. If employees who marry or live together do work in a direct manager relationship with each other, the company will attempt to reassign one of the employees to another position for which the employee is qualified if such a position is available. If no such position is available, the employees are permitted to determine which one of them will resign from the company unless they can co-work in a manner accustomed to Fremont Dog Plaza and its policies.

Separation from Employment

In all cases of voluntary resignation (one initiated by the employee); employees are asked to provide a written notice to their managers at least 10 working days in advance of the last day of work. The 10 days must be actual working days. Holidays and PTO will not be counted toward the 10-day notice. Employees who provide the requested amount of notice will be considered to have resigned in good standing and generally will be eligible for rehire.

In most cases, HR will conduct an exit meeting on or before the last day of employment to collect all company property and to discuss final pay. If applicable, information regarding benefits continuation through the Consolidated Omnibus Budget Reconciliation Act (COBRA) will be sent to the employee’s home address.

Should it become necessary because of business conditions to reduce the number of employees or work hours, this will be done at the discretion of the company.

Daily Work Guide

Daily Expectations Daycare/Boarding

What is a normal day at Fremont Dog Plaza?

At Fremont Dog Plaza a full day of daycare/boarding is consolidated into 4-phases, Morning, Afternoon, Evening and Overnight. The next section will highlight what each phase of the day entails, and which tasks are absolutely necessary during each phase of the day.

Phase #1: Morning shift, 7 hours long, 7AM-2PM.

Phase #2: Afternoon shift, 8 hours long, 11AM-7PM.

Phase #3: Evening shift, 7 hours long, 3PM-10PM.

Phase #4: Overnight shift, 10 hours long, 9PM-7AM.

Morning Phase #1:

Every Morning an employee will arrive at 6-7AM, this person will be responsible for opening duties. The opening employee will finish their shift by 1-2PM after end of shift duties. The opening and closing duties for the Morning shift are listed in order of significance. Always refer to the Opening, Closing and Cleaning Walkthrough for detailed protocols of daycare procedure.

- Begin relieving Overnight employees and review any essential information provided by the Overnight employees, note relevant changes. Overnight employees will be responsible for dog check-in/check-out until they leave at 7-8AM.
- Turn on lights and wake any dogs boarded. Take dogs out for their first bathroom break with assistance of Overnight employee. This step may already be finished due to early daycare arrivals in the morning.
- Employees will check enclosures for contaminants and use proper cleaning procedures. Clean and disinfect enclosures and put collapsible enclosures in storage after cleaning.
- Begin feeding and/or medicating dogs separately. Clean all feeding materials and store away dry after all dogs are fed. Wash – rinse- sanitize all bowls.
- In the morning, employees will keep a dog feeding separate from all other dogs.
- After dogs have used the restroom and had their meal the Morning employees will check to see if the Overnight employees completed all their work. Morning employees are responsible for clocking-out the Overnight Employees after they complete their closing tasks. In case of an emergency employees are allowed to clock themselves out.
- After the Overnight employee(s) is clocked out, Morning employees are responsible for check-in/check-out and cleaning up of any fresh contaminants. Employees are also responsible for loving, cuddling, and making sure dogs feel safe and protected from other dogs and sometimes protected from their own energy!
- Morning Employees will take dogs on walks, as well as assist any employee walking dogs with leashing and unleashing. This includes preparing dogs to be transferred before and after walking. Actively going for walks and routing a safe course for a walk. Cleaning dogs after walks and making sure they are dry upon entering daycare to maintain cleanliness. Dogs must also be properly equipped to be outside and be prepared for the natural elements to protect their health.
- Employees are expected to take two 15-minute breaks when another employee can relieve them. All Employees get one 30-minute lunch break when another employee can relieve them.
- Before closing duties, Morning Employees must feed and/or medicate dogs at lunchtime. Wash - rinse – sanitize all bowls.
- Morning employees are responsible for their own special opening, closing, and cleaning duties. Refer to the employee Opening, Closing and Cleaning Walkthrough for detailed procedures.
- Morning employees will wait to be clocked out by Afternoon employees at the end of their shift, after finishing their Morning closing duties. In case of an emergency employees are allowed to clock themselves out.

Afternoon Phase #2:

Every Afternoon an employee will arrive at 11-12PM, this person will be responsible for mid-day duties. The Afternoon employee will finish their shift by 7-8PM after end of shift duties. The opening and closing duties for Afternoon shift are listed in order of significance. Always refer to the Opening, Closing and Cleaning Walkthrough for detailed protocols of daycare procedures.

- Begin relieving Morning employees and review any essential information provided by the Morning employees, note relevant changes. Morning employees will be responsible for dog check-in/check-out until they leave at 1-2PM.
- Play and cuddle with dogs while Morning employees perform their closing duties.
- Afternoon employees will make sure any employees walking dogs are assisted with leashing and unleashing of dogs. This includes preparing dogs to be transferred before and after walking.
- Mid-day the indoor floor space will be cleaned by the Morning employees. At this time the Afternoon employees will be managing dogs while the floors are cleared, vacuumed, and cleaned.
- After the floors are finished Afternoon employees will do a final check of the daycare before clocking-out the Morning employees. Sometimes Morning employees will stay longer and finish working after naptime. They will still be clocked out by the Afternoon employee.
- Once the Morning employees have left, Afternoon Employees will play with dogs and continue check-in/check-out.
- Every day there will be nap-hours for dogs, nap-hours start after the Evening employees arrive.
- Employees are expected to take two 15-minute breaks when another employee can relieve them. All Employees get one 30-minute lunch break when another employee can relieve them.
- After nap-hours, begin feeding dogs separately. Clean all feeding materials and store away dry after all dogs are fed. Wash – rinse – sanitize all bowls and materials.
- In the evening, employees will keep a dog feeding separate from all other dogs in daycare.
- Afternoon employees are responsible for their own special opening, closing, and cleaning duties. Refer to the employee Opening, Closing and Cleaning Walkthrough for detailed procedures.
- Afternoon employees will wait to be clocked out by Evening or Overnight employees after finishing their Afternoon closing duties. In case of an emergency employees are allowed to clock themselves out.

Evening Phase #3:

Every Evening an employee will arrive at 2-3PM, this person will be responsible for Evening duties. The Evening employee will finish their shift by 9PM after end of shift duties. The opening and closing duties for Evening shift are listed in order of significance. Always refer to the Opening, Closing and Cleaning Walkthrough for detailed protocols of daycare procedures.

- Begin reviewing essential information of the day and note relevant changes.
- Evening employees are expected to assist the Morning or Afternoon employees with tasks around the daycare.
- Employees are expected to love and cuddle dogs during naptime.
- Remind other employees to take their break if they have not yet taken a proper break that day. Make sure everyone who has wanted one gets a full meal every day.
- Clean enclosures of contaminants and make sure the facility is ready for the end of day check-out.
- All dogs must be awake and moving by 6PM when naptime ends. Preferred nap-time hours span from 3PM-6PM.
- Employees are expected to take two 15-minute breaks when another employee can relieve them. All Employees get one 30-minute lunch break when another employee can relieve them.
- Evening employees are responsible for their own special opening, closing, and cleaning duties. Refer to the employee Opening, Closing and Cleaning Walkthrough for detailed procedures.

- Evening employees will wait to be clocked out by Overnight employees after finishing their Evening closing duties. In case of an emergency employees are allowed to clock themselves out.

Overnight Phase #4:

Every Overnight an employee will arrive at 8-9PM, this person will be responsible for Overnight duties. The Overnight employee will finish their shift by 6-7AM after end of shift duties. The opening and closing duties for Overnight shift are listed in order of significance. Always refer to the Opening, Closing and Cleaning Walkthrough for detailed protocols of daycare procedures.

- Begin relieving Afternoon and Evening employees and review any essential information provided by them, note relevant changes. Overnight employees will be responsible for dog check-in/check-out until they leave at 7-8AM.
- Make sure all overnight dogs in the facility are accounted for, help any dogs with extra needs.
- Take dogs outside for the last bathroom break of the day.
- Bring dogs inside and situate in overnight enclosures.
- Lights out in dog enclosures and all dogs are resting by 10PM. Any dogs still active are given extra love and cuddles till they sleep. Allow dogs to go to the bathroom outside if necessary.
- Begin cleaning and disinfecting daycare space not occupied by dogs. This includes storage, bathroom, isolation areas, enclosures, front lobby, and outdoor space. Refer to Opening, Closing and Cleaning Walkthrough for detailed procedures.
- After cleaning store used cleaning materials and organize setup for Morning employees. Do not leave space unprepared for the Morning shift.
- Employees are expected to take two 15-minute breaks when another employee can relieve them. All Employees get one 30-minute lunch break when another employee can relieve them.
- Finish a shift by sitting with dogs who have trouble sleeping. Make sure any dogs not sleeping are cuddled and loved.
- When Morning employees arrive, Overnight employees will continue dog check-in/check-out.
- Overnight employees will wait to be clocked out by Morning employees after finishing their Overnight opening, closing, and cleaning duties. In case of an emergency employees are allowed to clock themselves out.

Summary:

An average day is simple in regard to expectations with dogs. The goal is to facilitate an environment for dogs in which they are safe and accounted for until they are reunited with their family. We aim to keep the facility clean for dogs who like indoor play while still providing an experience for dogs who appreciate being outside on walks. At Fremont Dog Plaza we are attempting to set up a community where any good-natured person will feel comfortable because they know their animal will be with people who really love and care for dogs. A place where it is obvious a dog wants to be there upon arrival.

Arrival/Departure Procedures for Dogs

During normal business hours dogs will arrive and depart from daycare. To properly assist the arrival and departure of dogs please read the following steps to ensure a safe transfer. Safely transferring dogs into

daycare is harder than transferring them out. Understanding the proper steps needed to ensure seamless transfers is necessary for the safety of dogs and employees.

Arrivals:

When a dog arrives at daycare, make sure the front lobby has enough room for all dogs and humans to have personal space. If there is not enough room in the front lobby for everyone to have personal space, ask clients trying to enter to wait outside until there is room. Check dogs in one time. Make sure they are on the schedule, if they are not on the schedule attempt to resolve the misstep as smoothly as possible. If there is space on the schedule, sign them up. If the daycare is full tell the owner that the daycare is unfortunately at capacity and have them talk to the manager. For the dogs who are scheduled bring them into the staging room, one owner at a time. Remind owners to keep their leash if they want to. Any harnesses, collars, chokers, and clothing can be left on the dogs. Store any extra items left by the owner in the lockers, each dog will have a specific locker. After unleashing, the owner can step out of the staging area. Once the owner is out of the staging area an employee can carefully let the dog into the main area. Do not let dogs go from the main area into the staging area. Help dogs leave the staging area by pushing dogs in the main area back. Keep a close eye on dogs who have just entered the main area of daycare, make sure they are not bullying or bullied. Once the new dog has transferred easily into daycare, begin staging the next dog for transfer. Always remember to firmly shut all doors, gates, locks, and latches during the transfer process.

Boarding Arrivals:

Dogs staying overnight will be dropped off with food and sometimes medication. The owners will provide a written routine to describe proper feeding and care procedures. Always make sure each dog has an individual storage locker to put their things into. Any refrigerated food needs to be clearly marked and stored in individual containers.

Departures:

When a dog leaves daycare be sure the correct client is picking them up. Ask the client what their name is and match it with their file. Bring dogs into the staging room before allowing the owner to enter the staging room. Once the dog and owner are in the staging room, give the owner time to secure their dog. Ask the owner if they have their dog secure and wait for them to say yes verbally or non-verbally. Once a yes is confirmed, open the doors to the staging area in the front lobby. Always stage dogs one owner at a time.

Front Lobby Etiquette:

To avoid dog fights, make sure that dogs on leash in the lobby keep distance away from each other. Dogs will become intolerant while on leash around other dogs if they feel irritated. Maintain a neat and orderly line up at the desk. Do not overcrowd the front lobby with people and dogs. Clients can wait outside until there is enough space to come inside. Be polite and make sure to use a loud enough voice to be heard by everyone in the room if needed. No dogs off leash in the front lobby at any time.

Basic Tips for Clients:

Arriving:

- Park in a designated parking spot, **do not block the road.**
- Leash your pups **before** exiting your vehicle.
- Keep your pups separate from any other arrivals.
- All dogs must be **held on a leash** while outside of the daycare.
- Any pup required to wear a muzzle must wear their muzzle **prior to arriving** at daycare.
- Please, **no barking** outside of the daycare.
- Bring any extra stuff for your dogs in a bag or container that is easy to carry and **reusable!**
- Put your name on all of your stuff so we know that it is yours!

Departing:

- Park in a designated parking spot, **do not block the road.**
- Leash your pups **before** exiting the daycare.
- Keep your pups separate from any other departures.
- All dogs must be **held on a leash** while outside of the daycare.
- Any pup required to wear a muzzle must wear their muzzle **prior to leaving** daycare.
- Please, **no barking** outside of the daycare.
- Please, always remind an employee if you have left **any stuff** with us!

Random:

- Do not leave us with items that you are worried will be lost or destroyed.
- Package dog food in a sealed container. Label it!
- Write up detailed instructions for us to follow in regard to medication and food.
- Dress your pup for the appropriate weather.
- Bring everything to leave in a durable bag or container. We appreciate having everything in one bag or container.
- Always keep us informed about your pups' current needs!
- No eating food or drinking liquids other than water directly inside or outside the daycare.
- For any immediate questions, please call or text us!

Client Guidelines

The following section details what clients must do to ensure their dog can join Fremont Dog Plaza's pack! Please read carefully as these requirements are non-negotiable.

Requirements:

- All dogs must have a valid Seattle pet license to wear (or a pet license registered to a US-county they live in), customers can purchase a Seattle pet license thru License - Animal Shelter | seattle.gov.
- Dogs must have a valid rabies vaccine card or proof of vaccination from a veterinarian. Please email this information with the new client survey. All new customers must fill out a new client survey. Employees can also fill out the survey for a client over the phone or in-person.
- All dogs must be evaluated to decide which group they are most properly equipped for. All groupings are not final and change as dogs age. No dog is allowed at Fremont Dog Plaza without an evaluation provided by an intake manager prior to desired scheduling.
- Dogs must wear the leash and leads provided by Fremont Dog Plaza. Harnesses are appreciated as they make it easier to hold dogs. If a dog has special requirements that have already been discussed, please remind the dogwalkers.

- If an owner is not home when dogs are retrieved there are special procedures that must be followed to help dogwalkers. Dogs must come to the door for their walk, if they do not come straight to the door; there must be an easily accessible crate/area to retrieve them close to the door of entry. Dogwalkers do not have time to chase customer dogs around homes to get them ready for their walk. Customers must provide a lockbox or easy access to dogwalkers who are picking up from their home when they are not there.
- **Owners who are not home during pick-up should always check in with a Fremont Dog Plaza associate around the time of service to know their dog was retrieved.**
- Customers must have their dogs properly clothed for the weather, if a dog needs a coat, please provide them with one. Dogwalkers will happily put any garments on customer dogs if the garments are easily available. Any dog will be left at home or will not be allowed outside for extended periods if they are not properly clothed for the weather.
- Fremont Dog Plaza accepts checks, cash, and cards. Customers must pay at the end of every week for their services. First time customers pay at the start of their first visit. All customers are welcome to sign up for prepaid payment plans.
- Reservations for dog walking, daycare, boarding, and all other services are set and scheduled at the beginning of every week on Sunday. All messages received after 7PM Sunday will be processed in the morning, unless an employee decides to work late.

Dog Walking

At Fremont Dog Plaza dog walking is taken seriously. Our goal is to provide a group experience for dogs while walking. Dogs are pack animals, meaning they cohabitate better in large groups. So, we strive to bring dogs together in a safe and active way. We send dogwalkers out to homes and as soon as they arrive the pup is outside and walking! For dogs that are retrieved first, a dogwalker will begin walking or driving to the next house in the neighborhood, to retrieve another pup. This way dogs become involved in a community pack, while staying close to their neighborhood. Making it easier for owners to retrieve their pups if needed. Once a dogwalker collects all the dogs they will begin the walk.

Scooters, Dog Carts, and Walks:

Employees are allowed to use a push scooter or dog cart provided while walking dogs in groups of up to ten dogs per person. While using a transportation vehicle or walking, employees must follow simple safety steps to ensure an overall level of safety for the dogs and themselves.

- A helmet is required while riding scooters and dog carts. Knee and elbow pads are optional but still advised. You must wear wrist guards while riding a scooter. Always wear PPE.
- All employees must wear a reflective vest which is bright and provides a high level of visibility. Reflective and bright clothing are also accepted. Please always wear a bright vest or other bright clothing while outside of the facility with dogs at any time. Always wear the PPE provided.
- Wear sturdy shoes that will not suddenly fall off. Properly tie the shoelaces!
- Go slowly, do not go too fast. Please, **do not** allow the dogs to pull too fast.
- Do not drag dogs or forget to notice when a dog would like to stop and rest. If the sound of paws dragging can be heard, identify which dog is tired and assist them as needed.
- While using a transportation vehicle, do not go over dangerous terrain where there may be a potential to become stuck.
- Always securely hold dogs on a short leash or close to the waist while traveling on narrow walkways and sidewalks near busy roads and or hazardous terrain. **Never allow a dog to walk on a busy road or get too close to a busy road!**

- Never walk away from a transportation vehicle while dogs are attached to it. Preferably an associate will always be near and/or have direct contact with any transportation vehicle(s) in use.
- Stay away from crowded areas with high volumes of people. Respect anti-dog signage.
- Never forget to provide water breaks for dogs as needed.
- Pick up any small waste or dangerous debris in and/or on the side of the road and place in the garbage. Recycle any metal, plastic, and paper products in the recycling can.
- Bring a First-Aid kit!

Grooming

Fremont Dog Plaza provides light grooming for dogs as a part of the overall service. Fremont Dog Plaza will ask beforehand, but baths are provided for dogs when they become too smelly. Dog nails will be trimmed as needed. If a dog is experiencing heavy matting in their fur an associate will remove the matting and brush their coat to clear the fur and provide relief to the areas affected. Fremont Dog Plaza will always do its best to keep all dogs clean! If a dog does not react positively to grooming at any facility that is provided via Fremont Dog Plaza, then an alternative will be suggested to the client.

Basic Tips and Rules:

- Use sturdy easy to clean grooming stations that are not made of any material that can mildew easily.
- Disinfect grooming stations after each individual client.
- Do not use scissors without a comb! Never cut without bringing the fur away from the skin with a comb before using sheers or scissors. Always cut on top of the comb. Never make scissor to skin contact.
- Make sure the mechanical sheers have a guard on them.
- Use non-tightening leads with a swivel for grooming tables, benches, and tubs!
- Do not leave pets unattended with any device that can harm them if used improperly.
- All reusable grooming supplies and gear must be disinfected after each individual client.
- Use products the owner provides, otherwise use the facilities own grooming products.
- Provide waste disposal that is close to the workstation being used. Having Multiple waste bins is helpful!

Opening and Closing Walkthrough

Every day employees will have specific tasks to complete for their own shift. If employees are having trouble completing or fulfilling a task, they are expected to ask for help and be guided on proper procedures. The procedures for opening, closing, and cleaning tasks will be reviewed in the next sections. During every shift the primary goal for employees is to monitor dogs and make notes of any changes throughout the day. If there seems to be any issues, monitor, and take notes to share with all other employees. If there is an issue that needs to be resolved immediately, contact the supervising employee, and pass along all the information to them. Employees can also leave a note on The Board to inform other employees of essential business information. The Board is a message center used by the staff to transfer essential business information. The Board will be covered later in this section.

Morning employee:

Morning employees are expected to be at work on time. When they arrive, employees must review any notes or new information for the day. After reviewing, turn on the lights and wake up any dogs boarded. Take dogs out for their first bathroom break with assistance from Overnight employees. This step may

already be finished due to early daycare arrivals in the morning. Employees will check enclosures for contaminants and use proper cleaning procedures if needed. Clean enclosures and put collapsible enclosures in storage after cleaning. Begin feeding dogs separately. Clean the feeding materials and store away dry after all dogs are fed. Employees will keep a dog feeding separate from all other dogs in daycare. After dogs have used the restroom and had their meal the Morning employees will check to see if the Overnight employees completed all their work. Morning employees are responsible for clocking-out the Overnight employees after they complete their closing tasks. In case of an emergency employees are allowed to clock themselves out. After the Overnight employees clocked out, Morning employees are responsible for check-in/check-out and cleaning up fresh contaminants. Employees also are responsible for loving, cuddling, and making sure dogs feel safe and protected from other dogs and sometimes protected from themselves! If employees are busy working, customers must wait to be assisted. The Morning employees will also maintain the schedule as people enter. This entails taking new reservations and updating the main register, taking client suggestions, complaints, and important information to keep the main register up to date. During the day employees are expected to answer the phone and update the register when they have free time. If an employee is busy, they are not expected to answer the phone. Employees do not have to take new reservations or make changes to the register after 7PM. If someone attempts to contact Fremont Dog Plaza and is not able to make a reservation they can call, text or email during normal reservation hours from 7AM-7PM. At the end of the shift, Morning employees are expected to clean the large enclosures. This includes cleaning the floors and any surfaces which are noticeably dirty. At the end of this guide there will be detailed procedures describing how to mix cleaning solutions as well as which messes to apply the cleaning solutions to. During daycare when employees are not cleaning or working inside, they will help the dog walkers who are outside. At Fremont Dog Plaza there will be employees who are entirely dedicated to walking dogs. A dog walker's main concern is to be outside and assist the dogs who need help outside the facility on walks. All employees at the daycare are expected to help the dog walkers with 100% of their attention when they have free time. Morning employees will be expected to help dog walkers leash and unleash dogs who are coming/going for walks. Detailed procedures on how to assist dog walkers during daycare hours will be explained later in this guide. Coming toward the end of the Morning shift an Afternoon employee will arrive. As this employee arrives the Morning employees will begin to prepare the room for closing duties. The first being Lunchtime and medication. Feed and/or medicate dogs separately. Then clean all the feeding materials immediately after finishing. Next, the Morning Shift is responsible for cleaning the floors and leaving the storage room clean and organized. The Morning shift will leave all their dirty cleaning materials in the cleaning station located in the bathroom. This includes dirty mop-water and soiled laundry. The cleaning station will later be finished by the Afternoon employees, who is responsible for cleaning the bathroom. During the cleaning process the Afternoon employees will keep dogs in available enclosures while the Morning employees clean. Once the Morning employees finish cleaning, they will be responsible for dog check-in/check-out while the Afternoon employees check to see if the work is finished. Assuming the work is finished the Afternoon employee will clock out the Morning employee and send them home for the day. Now the Afternoon employees are in charge of the space.

Afternoon employee:

Afternoon employees are expected to be at work on time. When they arrive, employees must review any notes or new information for the day. After reviewing, provide enclosures to small dogs and get them settled before taking the large dogs outside or into a different enclosure. At this time Morning employees will begin cleaning the floors of every enclosure not occupied by dogs. As Morning employees clean Afternoon employees will manage dogs and make sure they do not walk thru any

cleaning materials or surfaces drying after cleaning. Once Morning employees finish cleaning the Afternoon employees will inspect their work. Assuming all work is finished the Afternoon employees will clock out the Morning employees and send them home for the day. In case of an emergency employees are allowed to clock themselves out. Now the Afternoon employees are in charge of the space. During their shift Afternoon employees must cuddle and love dogs as well as clean up all fresh contaminants. At the end of this guide there will be detailed procedures describing how to mix cleaning solutions as well as which messes to apply the cleaning solutions to. During daycare when employees are not cleaning or working inside, they will help the dog walkers who are outside. At Fremont Dog Plaza there will be employees who are entirely dedicated to walking dogs. A dog walker's main concern is to be outside and assist the dogs who need help outside the facility on walks. All employees at daycare are expected to help the dog walkers with 100% of their attention when they have free time. Afternoon employees will be expected to help dog walkers leash and unleash dogs who are coming/going for walks. Detailed procedures on how to assist dog walkers during daycare hours will be explained later in this guide. The Afternoon employees will also maintain the schedule as people enter. This entails taking new reservations and updating the main register, taking client suggestions, complaints, and important information to keep the register up to date. During the day employees are expected to answer the phone and update the register when they have free time. If an employee is busy, they are not expected to answer the phone. Employees do not have to take new reservations or make changes to the register after 7PM. If someone attempts to contact Fremont Dog Plaza and is not able to make a reservation they can call, text or email during normal reservation hours from 7AM-7PM. Towards the middle of the Afternoon shift, Evening employees will arrive. Evening employees will be responsible for assisting the Afternoon employees with all necessary tasks up until daycare closes. The first task being naptime. Nap-time is an essential part of daycare, dogs who become overly tired can have negative experiences due to exhaustion. Because of the threat of exhaustion there is naptime at Fremont Dog Plaza from 3PM-6PM. During naptime all the employees are expected to actively love and care for dogs while making sure the dogs relax and remain calm. Afternoon employees then begin cleaning the bathroom and assigning cleaning tasks to the employees who are not actively working with dogs. After the bathroom is clean and the assigned tasks are done it will be time to wake dogs up at 6PM and begin feeding. Before or after feeding, some dogs may want to take a bathroom break, take those dogs outside. Begin feeding dogs separately. Clean the feeding materials and store away dry after all dogs are fed. Employees will keep dogs feeding separate from other dogs in daycare. Once dogs have used the restroom after their meal, Afternoon employees will check to see if the Evening employees completed their assigned tasks. Once the inspection is done the Afternoon employees will sit down and begin managing the schedule and make necessary adjustments while the Evening employees continue to work with dogs. The Afternoon employees are responsible for the final adjustments to the schedule before closing the schedule for the day. After the schedule is closed customers must wait till the next day for return messages regarding future reservations.

Every day before the Afternoon employees leave, they must clear and account for all notes on The Board. The Board is a large message center where employees leave notes which need to be cataloged into the main register. The Afternoon employees are responsible for clearing The Board before they leave every night and cleaning the front lobby station. To finish the front lobby station Afternoon employees must organize the drawers and countertop, as well as clean the countertop. They will then restock any supplies, when an item is out-of-stock employees are expected to leave a note on The Board to keep other employees informed. If the item out-of-stock is essential to everyday operation, call, AND text the supervising employee about the item. Once the Afternoon employees are done organizing the daycare and clearing The Board, they will wait to be clocked out by the Evening employees. If there are no Evening employees, the Afternoon employees will wait for the Overnight employees to clock them

out. Once the Afternoon employees are clocked out the Evening or Overnight employees are now in charge of the space. Some days the Afternoon employees will clock themselves out because there will be no more dogs in the Daycare and no other employees needed to relieve them.

Evening employee:

Evening employees are expected to be at work on time. When they arrive, employees must review any notes or new information for the day. Evening employees will be responsible for assisting the Afternoon employees with all necessary tasks up until daycare closes. The first task being naptime. Nap-time is an essential part of daycare, dogs who become overly tired can have negative experiences due to exhaustion. Because of exhaustion there is naptime at Fremont Dog Plaza from 3PM-6PM. During naptime all the employees are expected to actively love and care for dogs while making sure the dogs relax and remain calm. The Evening employees will also maintain the schedule as people enter. This entails taking new reservations and updating the main register, taking client suggestions, complaints, and important information to keep the register up to date. During the day employees are expected to answer the phone and update the register when they have free time. If an employee is busy, they are not expected to answer the phone. Employees do not have to take new reservations or make changes to the register after 7PM. If someone attempts to contact Fremont Dog Plaza and is not able to make a reservation they can call, text or email during normal reservation hours from 7AM-7PM. When employees are not busy the Evening employees must remind other employees to take breaks and eat a full meal for the day. After employees have had their breaks, it is time to awake dogs from naptime. At this point Evening employees must listen to Afternoon or Morning employees for assigned tasks. This may include cleaning the space or working with dogs. The Evening employees will focus on listening to what the Afternoon or Morning employees need in order to finish the day. Before the Evening employees leave for the day, they will be responsible for cleaning and organizing the waiting area and sweeping the outside walkway. As well as clean the outdoor area by picking up all poop and rinsing urine off the surfaces. Evening employees will also put all the daycare toys away before they leave. After they are finished Evening employees will wait to be clocked out by the Overnight employees. Once the Afternoon or Evening employees are clocked out the Overnight employees are now in charge of the space. If there are no dogs staying overnight the Evening employees may clock themselves out and head home for the evening.

Overnight employee:

Overnight employees are expected to be at work on time. When they arrive, employees must review any notes or new information for the day. Overnight employees will account for all dogs in the facility and assess where dogs will sleep for the night. The Overnight employees will ask for the Afternoon or Evening employees to take dogs outside for their last potty-break before bed. During this time Overnight employees will setup the indoor space for bedtime. This means setting kennels in their desired locations. Adding the necessary bedding and water bowls, also dogs are not allowed to sleep with their food bowl at night unless absolutely necessary. After the setup is complete, dogs will return to their enclosures and prepare for bedtime. Before lights-out the Overnight employees will clock out the Afternoon or Evening employees after inspecting their work. The Overnight employees will then prepare the dogs for bed. Once the Afternoon and Evening employees are gone for the night it is time to turn all lights in the daycare space off. The front lobby and the outside walkway will be illuminated with lighting 24/7. After lights-out if dogs are still awake, give those dogs extra love and attention till they hopefully fall asleep. If they do not fall asleep, set up a small area for hangout where you can see the dogs at all times. The Overnight employees are responsible for cleaning the daycare space as dogs rest. This includes cleaning

the floors and wiping down all dirty surfaces not occupied by dogs, as well as taking out the trash and wiping down the fridges. After they finish cleaning the Overnight employees will hang out with dogs until the Morning employees arrive. When Morning employees arrive, Overnight employees will continue dog check-in/check-out. The Overnight employees will also maintain the schedule as people enter. This entails taking new reservations and updating the main register, taking client suggestions, complaints, and important information to keep the register up to date. During the day employees are expected to answer the phone and update the register when they have free time. If an employee is busy, they are not expected to answer the phone. Employees do not have to take new reservations or make changes to the register before 7AM. If someone attempts to contact Fremont Dog Plaza and is not able to make a reservation they can call, text or email during normal reservation hours from 7AM-7PM. After the Morning employees complete their inspection of the daycare and catalog all necessary information the Overnight employees may be clocked out. In case of an emergency employees are allowed to clock themselves out. Once the Overnight employees leave the Morning employees are now in charge of the space.

Summary:

Every employee is expected to work within a team of care providers. All members of a team will work to facilitate the common goal of caring for dogs and their safety. The typical dog to staff ratio is 1:15, or one person for every fifteen dogs. Caring for dogs and cleaning up after dogs is the primary job all employees should focus on. We can run a smooth operation as long as every team member communicates and successfully completes each assigned task which they are responsible for.

Cleaning and Disinfecting

At Fremont Dog Plaza cleaning is a majority of the work. Playing and actively watching dogs is a large part of an employee's job, yet in close second is cleaning. Dogs can make a mess and will do so very easily. One moment everything is fine and the next you may find yourself covered in urine, puke, feces, blood, and foreign debris. To be prepared for sudden messes it is wise to understand how to best clean up each different kind of mess. Please carefully review the examples of common messes and the information of how to clean them!

PPE (Personal Protective Equipment):

PPE is required gear for safety and cleaning. While working, always wear protective gear as needed. This includes wearing gloves, smock, and apron for all cleaning tasks. When cleaning the floor or ground, wear rubber boots to protect your feet. Wear a face mask and head covering while working around heavy airborne debris, gases, and vapors. Wear shoe covers in isolation areas. Wear gloves while picking up trash outside. Always clean PPE after use, disinfect and put away dry. Do not throw away reusable PPE.

Blood/Puke/Urine/Feces/Unknown:

Once a contaminant is discovered on a surface or dog, isolate all dogs away from the contaminant. Take any dogs with contaminants on them and isolate each one in a separate area. If the contaminants have transferred to yourself or a bystander, clean yourselves first after isolating the dogs. After cleaning yourselves of contaminants using Dawn soap and water, clean contaminated dogs the same way. If there are wounds, do not attempt to clean inside or too close to them. After you finish cleaning every person or dog, begin to clean contaminant covered surfaces. When cleaning contaminants, how you

must clean will depend on the surface. Concrete floors will be clean differently from fabrics and synthetic materials, while outdoor surfaces will clean the easiest. To clean indoor concrete, ideally, you will have a floor squeegee, wet-pan, scrub brush, and cleaning solutions. First, you must use a spray bottle of water on the contaminants to create a pool of contaminant water which is easy enough to squeegee (large feces, pieces of puke, or unknown debris can easily be picked up before applying water using dog waste bags or the wet-pan and scooper). You then squeegee the water and contaminants into the wet-pan and dispose in the bathroom mop station or trashcan. Always rinse and disinfect the squeegee and wet pan in the mop station after you finish cleaning up contaminants. Next you must use the soap solution and a scrubber to clean the contaminated area; apply water as you scrub to rinse suds away, then squeegee the dirty soap water into a wet pan. Dispose of the dirty water then rinse and disinfect the squeegee and wet pan again. Next spray bleach solution, let the bleach solution set and then wipe away with a reusable rag. Make sure the dirty reusable rags and towels make it to the dirty laundry container. When cleaning fabrics or synthetic materials which make direct contact with contaminants, always rinse with cold water and then soak in a bucket of warm water with bleach. After soaking in warm bleach water, hang above sink and let drip to remove excess water. All laundry materials which make direct contact with contaminants must be rinsed in cold water and then soaked in warm water with bleach before being hung to drip off excess water. Once excess water is removed, place in dirty laundry container. When cleaning indoor surfaces covered in contaminants, pick away large pieces first, then spray the area with soap solution and wipe away contaminants with a damp rag. Next apply bleach solution and let sit before wiping with a clean dry reusable rag. Always make sure dirty laundry makes it to the dirty laundry container. When cleaning contaminants outside, first try to understand what kind of surface the contaminants are sitting on. If the surface is not able to move, pick away any large pieces of contaminants and then spray water until the surface is mostly clear. After spraying the area with water, scrub away any remaining contaminants using a scrub brush, then rinse again with water. If the contaminant outdoors is on the pea gravel or dirt, simply scoop away the contaminated pea gravel or dirt and dispose in the outdoor waste container. Urine covered pea gravel and outdoor areas covered in urine only need to be cleared and cleaned when the presence of urine is noticeable. To clean urine from outdoor surfaces, spray the surface with water then scrub and rinse again with water. When the outdoor area needs a deep clean, a manager will come and wash the outdoor area with a 4200psi pressure washer. When contaminants from outside land on windows, pick away large pieces and use Dawn soap solution with a scrub pad before wiping away soap and contaminants with a damp rag. Next apply a little more Dawn soap solution and wipe windows until clear using a dry rag. Make sure all dirty laundry which makes direct contact with contaminants is rinsed, soaked, and drip dried before making it to the dirty laundry.

Vacuum Procedures:

Before starting to vacuum, make sure to prepare the space. Pick up large objects from the floor, dust them off to remove foreign debris. While clearing the room, wipe all foreign debris and dust that has accumulated on higher surfaces onto the floor to be vacuumed. Pick up any large pieces of dirt or things too large to be sucked up by a vacuum. Next check for standing water or foreign liquids and dry them up before vacuuming. While vacuuming check to see the dogs are comfortable and out of the way, stop and help them relax if they seem uncomfortable. Always vacuum in a way which causes the dogs the least amount of stress. Vacuum from one part of a room to another, be consistent. Do not finish different sections at a time unless you have to work around dogs. Check to see vacuum suction is working by wiping a finger across the ground to check for foreign debris. If there are still heavy amounts of foreign debris on the ground after a long period of vacuuming, the vacuum may not be working properly. Check to see if the bag is full, if it is, change the bag and see if the vacuum works. If the bag is not full, check to

see if there is a blockage in the line, typically a person will be able to hear when a line is blocked because the vacuum will sound different. If the vacuum bag is not full and the line is not blocked, there may be an issue with the intake valve inside the vacuum. There could also be an issue with the exhaust vent not being open, causing the vacuum to overheat and lose suction. If there is a way to fix the vacuum, always attempt to fix before buying new. However, when a vacuum does break, call a manager, and let them know so they can choose to perform a repair or purchase a new one. Also leave a note on The Board for everyone else to see that the vacuum is broken.

Mopping Procedures:

Typically mopping will happen immediately after the floor is vacuumed. Do not mop a space if there are contaminants and foreign debris present. Mopping on contaminants and foreign debris will only create a larger mess. Please do not create a larger mess, clean up contaminants and foreign debris before mopping. When mopping, first rinse the floor using hot water and a mop; do not get the floors too wet. Drain dirty rinse water from mop bucket at the mop station. Next refill mop bucket with hot water. Spray floors with simple green solution from the sprayer. Mop floors with hot water and drain dirty water at the mop station when finished. If the floors need heavy sanitation, fill the mop bucket with very hot water and bleach solution. Mop floors with bleach solution instead of Simple Green solution and let sit, use a towel-mop to dry up any residual liquids. Always rinse the mop and other tools used for mopping when finished. Make sure all wet materials are in a place where they can dry properly.

Laundry Procedures:

If there is a laundry room at the daycare facility, simply wash and dry all laundry according to the posted procedures on the wall. After the laundry is dry, fold and put it away. If there is no laundry room at the facility, store laundry in a container and wait for the laundry service to come pick up the laundry bags and return the fresh laundry. Always make sure laundry does not have heavy debris or is overly contaminated before washing or placing it in a container. Procedures for washing or bagging laundry will be posted on the wall of the laundry area. Always follow the posted procedures and ask questions when unsure what to do.

Dog Toy Cleaning:

Take the toy bucket and begin to pick up all the dirty toys. Fill the bucket with cold water and wash the toys. Next, add rinse water and rinse all the toys. Empty cold water from bucket, add dog toy cleaning solution, and now refill bucket with hot water. Let sit for 10 minutes, scrub the toys and place on the drying rack. Rinse the toy bucket and place on drying rack after cleaning the toys.

Managing the Employee/Client Fridges:

A difficult part of the daycare experience is managing the food provided by owners for their dogs. It is imperative that the employee fridge only be used by employees for employee food, while the client fridge is used only for dog food. If either fridge begins to create an odor which is unpleasant, goes above 40 degrees for more than an hour, or is contaminated with materials harmful to living creatures, immediately empty the fridge for cleaning. When cleaning a dirty fridge, spray all surfaces of the fridge with Dawn soap solution and wipe with a damp rag. Next apply the bleach solution and let sit before wiping away with a clean dry rag. Make sure to wipe all container surfaces with bleach solution before placing back into the fridge. Do not put any old food back into the fridge, discard all open containers of old food. Always keep food separate in the fridge. Never mix employee foods together, never mix client foods together. Always label and clearly separate every person or dogs' items in the fridge. For example, in the client fridge, do not put two dog foods of the same kind together when the dogs come from

separate households. Always keep each dog's food separate, whether in a bag, container, or package. Make sure to label the food with the dogs' name and client number. Do the same with the employee fridge; there are no employee numbers, just use a first and last name. Some items in the employee and client fridges will be free to use for all members of the daycare. If there are restrictions, they will be clearly displayed on the outside of the fridge door. For client and employee safety, please observe and respect the rules of the fridge.

Mixing Cleaning Solutions:

- Dawn surface cleaner solution is made by mixing Dawn soap, vinegar, and water at a ratio of 1:1:3. Or 1 cup Dawn, 1 cup Vinegar, and 3 cups of warm water.
- Bleach Solution is diluted at a ratio of 1:51 with water to make a basic disinfectant. Or 1 cup bleach and 51 cups of water.
- Simple Green floor cleaning solution is made by mixing Simple Green and water at a ratio of 1:3. Or 1 cup Simple Green and 3 cups of water.
- Always follow the dilution guide for the cleaning solution you are using. Only use USA certified pet safe products.

Waste Disposal

All dog waste at Fremont Dog Plaza is double bagged and disposed of into King County Waste Management garbage cans or dumpsters. There will be dog waste buckets and liner bags provided. Always provide a double liner while disposing of dog waste. Ask the supervising employee for the proper procedure for disposing dog waste. Any other waste not dog related and not suitable to be flushed or drained must be disposed of in the compost, garbage, recycling cans and/or dumpsters provided.

Daily Sanitation/Work Checklist **Date:**

Morning Shift

Tasks to Complete	Time Completed	Were there difficulties? Why?
Clean and disinfect the overnight kennels and put them away in storage.		
Feed and medicate the dogs then clean and disinfect all feeding materials after they finish. You can ask for help from the Overnight Employee as needed.		
Check the Overnight Employee's work and clock them out.		
When the Afternoon employee arrives vacuum, mop, and disinfect the large enclosures and their dirty surfaces.		
Tidy up and organize the storage areas after cleaning and disinfecting the large enclosures.		
Lunchtime and medication will be required for some dogs. Please provide their medication and/or food. Clean and disinfect all the feeding materials after they finish.		

Extra task:		

Daily Sanitation/Work Checklist **Date:**

Afternoon Shift

Tasks to Complete	Time Completed	Were there difficulties? Why?
Begin to move dogs between enclosures so the Morning Employees can begin their closing duties.		
Check the Morning Employee's work and clock them out.		
Prepare the enclosures for nap time. Please make sure energized dogs are kept away from tired dogs.		
Clean and disinfect the bathroom and organize the cleaning supplies.		
Awake the dogs from nap time and begin feeding and medicating them. Clean and disinfect all feeding materials after they finish.		
Clear The Board and then clean, disinfect, and organize the front lobby station. Restock any depleted supplies.

The Board

The Board is an essential tool for everyday business operations. When you see it, you will be able to understand how to perform tasks essential to the business. Please do not modify The Board unless you are authorized to.

What is shown on The Board?

- A list of current dogs and relevant info.
- Reminders for the day, week, month, or year!
- Guides on how to finish essential tasks.
- Message area for employees to transfer messages to other staff members.
- Picture drop for overnight dog stays. Make sure the pictures get to the correct clients.

What can be posted by employees on The Board?

- Messages to tell staff members about current events and issues.
- Client info, for prospective clients.
- Printed pictures of dogs in daycare and boarding.
- An area for employees to promote their own events, a section of The Board will be available to post in.

Inventory of Equipment

Cleaning Equipment:

- Wet Mop & Mop Bucket
- Dust Mop
- Broom & Dustpan
- Floor Squeegee and Wet pan
- Cordless Vacuums
- Bissell Garage Pro Wet Dry Vac
- Hand Dusters

- Reusable Rags and Towels
- Assorted Scrubbers and Sponges
- Water, Bleach, Simple Green, and Lysol Disinfectant Sprayers and Applicators
- Assorted Measuring Cups for Cleaning Powders and Liquids
- Laundry Containers
- Trash & Recycling Containers
- Small & Large Cleaning Buckets
- Electric Leaf Blower
- Washer and Dryer
- Pressure Washer (4000PSI)

Indoor Equipment:

- First-Aid Kit
- Power Drills
- Power Hand Saw
- Assorted Hand Tools
- Kennels Assorted Sizes
- Canvas Rugs
- Bean Bag Chairs
- Weatherproof Rugs
- Food & Water Bowls
- Large Water Cooler with Dispenser
- Employee Refrigerator
- Client Refrigerator
- HVAC System
- Tennis Ball Launcher
- Dog Toy Bin
- Storage Lockers
- Security Cameras

Outdoor Equipment:

- Pooper Scoopers
- Poop Disposal Containers
- Shovels & Rakes
- Scrub Mops and Scrub Brushes
- Assorted Nozzles & Hose
- Hose Container
- 5 Gallon Bucket of Sand
- Oscillating Watering Spike
- Large Umbrellas
- Outdoor Table & Seating
- Security Cameras

Office Equipment:

- First-Aid Kit
- Desktop Computer & Speakers
- Rolling Chairs

- Printer & Scanner
- Router & Modem
- Security System
- Power Strips & Surge Protectors
- Outlet Covers

Grooming and Bathroom Equipment:

- First-Aid Kit
- Grooming Tub and Stool Attachment
- Master Equipment X-Tend Electric Dog Grooming Table
- 2-In-1 Dog Hair Dryer and Comb Brush with Adjustable Speed Control
- Grooming Sheers
- Scissors
- Fur Removal Tools and Brushes
- Dog Nail Trimmers
- Nail files
- Toothbrushes (single use)
- Water Pick Tooth Flosser
- Non-cinching Swivel Leads
- Reusable Hand Towels and Large Towels
- Mop Station
- Laundry Drying Rack
- Dog Toy Drying Rack
- Dirty Laundry Hamper
- Hand Soap Dispenser
- Plunger and Toilet Scrubber
- Trash & Recycling Containers

Dog-walking Equipment:

- First-Aid Bag
- Leashes
- Dog carts
- Slip leads
- Varied Chokers
- Chest Harness
- Push Scooter
- Electric Scooter
- Electric Bicycle
- Portable Water Container
- Water Bowls

Injury and Illness Procedures for Dogs

Every day the possibility of injury or illness is always present. At any time, a dog may experience an accident or stumble upon a nasty illness without warning. To prepare for moments such as these at Fremont Dog Plaza we stay ahead of our pack by having detailed procedures. Our procedures in handling injury and illness are simple yet effective. By covering a broad array of safety and cleanliness

procedures we seek to ensure that our pack has access to the most helpful, safe, clean, and fun daycare around. No one is ever prepared for an emergency, but preparation is going to set our people up for quick recovery.

Injury Procedures:

When an unfortunate injury does occur, stay calm. At the time of an incident, there may be a lot going on. There could be dogs screaming and crying or dogs aggressively barking. Some moments there is no sound made, only visible pain; sometimes a dog is unphased by their injury and happy. When an injury does occur, the first thing to do is attempt to deescalate the situation. Find which dogs need help and immediately isolate them away from all other dogs. If there are any foreign contaminants, make sure all dogs are isolated away from the contaminants until they are cleaned. Check all dogs to make sure they did not pick up foreign contaminants. Once the dogs have been isolated and checked, clean off the dogs carrying any foreign contaminants. After cleaning the dogs check them for wounds and dress the wounds if absolutely needed and only if properly trained to administer aid. If a dog is experiencing a serious injury put them in the car and take them to the nearest veterinary hospital, unless the owner states otherwise. Always notify the owner quickly when the event is life-threatening. When the injury is not life-threatening but still in need of veterinary assistance, notify the owner after all dogs are accounted for. Help the injured dog be as comfortable as possible until they are retrieved. Always notify the owner within 1 hour of when their dog is injured. Always track injuries dogs sustain by filling out the Injury/Bite Log form. Anytime a dog dies in our care, contact Animal Control and notify them of the situation.

Illness Procedures:

When the unfortunate illness does occur, stay calm. At the moment any dog becomes ill, or presents the signs of illness, immediate actions must be taken to protect all dogs. Obvious signs of illness can be shaking, tremors, awkward posture (muscle clenching), loss of motor-function, hyper-activity, outflow of bodily fluids, rapid eye movement, sudden hair-loss, and vocalized discomfort. The most common sign of illness is lethargy. When a dog does present signs of illness, immediately isolate them. After isolation call their owners for retrieval. If the dog is having an emergency, load them into the car and drive to the nearest veterinary hospital, unless the owner states otherwise. Anytime a dog dies in our care, contact Animal Control and notify them of the situation.

Emergency Shut-down Procedures Due to Illness or Injury:

Whenever an illness or injury is severe enough, it is time for a shutdown. A manager will always alert employees the moment they decide to activate a closure. At this time every owner must be contacted to retrieve their animal. Dogs boarded must be kenneled at the facility. If the issue is serious enough, all boarded dogs must be sent home. Once every dog is picked up or dropped off, disinfect the daycare. When a contagion is present, cycle the air continuously. If there is a kennel cough outbreak, close the facility for 5-7days. In the event a dog is not retrieved by their owner, a staff member will be assigned to take the dog home or to a quarantine area. In the event of a full shutdown, contact animal control and let them know anything relating to serious outbreak or contagion.

Easy Tips Avoiding Illness:

The easiest way humans can help dogs avoid illness is by washing our hands and following the Infection Control Plan. After every meal, sanitize food bowls. Keep their water bowls full of fresh water, rinse them out regularly. Check ears, eyes, paws, jowls, and ventral daily, make sure everything is ordinary. Avoid heavily populated areas which are not dog friendly. Take off harnesses and collars daily to dry; this

helps reduce hotspots on the fur which will otherwise lead to hair loss. Always keep their bedding clean and fresh; do not overuse detergents, softeners, and chemical products. When cleaning the house or dog area, use cleaners which do not leave heavy residues or smell. A dog nose is extremely sensitive and smelling certain scents can cause them to feel ill. Another easy way a dog can become sick is from heat stroke. Do not take prolonged periods of time in extreme, direct, heat. This can lead to exhaustion, sunburn, and paw burn for a dog. These are some simple and effective ways to keep dogs healthy and safe.

Sending a Sick or Injured Dog Home:

Sending a sick or injured dog home is never an easy task. A first step is to notify the owner and set up a pick-up or drop-off time. The next main goal is to keep the dog comfortable. Set up a little hangout space in the isolation area for the dog to relax. If the injury or illness is very serious, hold the dog until the owner arrives. In the event a dog has passed away, grab a daycare blanket, and carefully wrap the pup with its head easy to expose. Place the dog in the isolation area or safe place for retrieval. Call animal control and report that a dog has passed away on the property and from what causes. In the event the owner does not retrieve their dog, ask animal control on how to dispose of the dog.

How to Catalog a Dog Injury/Bite

One of the hardest parts of the daycare experience at Fremont Dog Plaza is when injuries happen or worse, when a dog bites a human or another dog. Unlike humans, dogs cannot react with a pair of hands, they typically react with their mouth. When a dog bites a human or another dog, the incident must be recorded. Recording a dog bite is taken seriously at Fremont Dog Plaza, why? Because rabies is not a contagion that any person wants to experience. It is best to just be cautious when a dog bites a human or another dog, to help avoid rabies. The following sections will summarize what to do when a dog bite occurs as well as what to do when a dog is injured. Illness and contagion fall under the umbrella of injured.

Injury/Bite Procedures:

1. When a dog is injured or worse, when a dog bites a human or another dog, immediately isolate the injured and/or aggressive dog.
2. If needed, call 9-1-1.
3. Administer first-aid to humans or dogs if needed. Follow the instructions on the packaging for medical applications and do not administer any first aid if you are not properly trained and certified.
4. Next, call or message the owners/parents/guardians of all parties involved. Arrange any pickups and send humans or dogs home if needed.
5. Begin filling out the Injury/Bite Log (provided at the end of this section).
6. While completing the Injury/Bite Log determine whether Animal Control needs to be contacted.
7. Discuss necessary procedures with parties involved. Depending on severity, a representative from Fremont Dog Plaza will contact our insurance company and report the incident. The representative will listen and take notes of information provided by the insurance company in regard to the incident. Then they will make sure all parties involved receive any information that is relevant.
8. When emergency services are involved, regardless of an in-person report to officers, file an additional police report online and attach the incident number provided. Catalog any additional incident numbers provided at the scene by emergency services, if there are any. Gather the

names of all investigators involved with the incident and attach all information to the Injury/Bite Log.
9. Catalog and save all information into the main register.
10. Remember to clean up all contaminants and properly dispose of medical waste.
11. During an incident, attempt to maintain the normal routine. Quickly take care of injury and/or bites in an orderly manner as to make sure all dogs have an active day and are loved.

Dog Injuries:

Dog injuries are a relatively easy thing to manage. Assuming the injury is not life threatening, simply reunite the injured dog to its owners and make sure to relay all known causes of the injury. Fill out the Injury/Bite Log and save all necessary information associated with the incident.

Dog Bites:

Situations involving a bite are more stressful; it is never easy to see and endure painful experiences. A few easy steps to help anyone thru a tense moment like a dog bite are always helpful! The first step is to remain calm. When you are being attacked or watching a dog attack another dog, do not panic. First thing you must do is observe how to successfully detach the aggressive dog from whatever it is biting. Sometimes a dog will stop if you simply yell, “Stop!” Make sure to use a commanding voice that sounds dominate, if your voice sounds desperate at any moment a dog will take that as a moment to capitalize upon. Dogs can sense weakness and will act out if they feel they are more dominant. If a dog does not release after a commanding yell, you must wait to see if the dog releases its jaw. If you wait and the dog begins to clench its jaw harder, you must use any possible method to detach the dog. Ideally you will be able to use citronella to spray the dog in its eyes to get them to release during an attack. However, if you cannot reach a citronella sprayer you must use any possible method to restrain and/or isolate the dog away from all other dogs and humans. Once the aggressive dog is not biting any person or dog, it must be isolated in any way possible. Either use a noose-wand, corralling-board, or restrain the dog to isolate them from humans and other dogs. If the aggressive dog hides in the area of the incident, move all dogs and humans to another enclosure and leave the aggressive dog alone until the appropriate party arrives to retrieve them. The number one goal is to deescalate the situation after a bite occurs; especially a bite that causes a serious injury. It is very rare to have a dog bite a human, but everyone must be prepared for a dog bite. Dogs are not humans and have tendencies that are not fully understood. Dogs biting humans is not common, but dogs biting other dogs is very common! When a dog feels safe, they are less likely to bite another dog. Anytime a human is around a dog they must understand that confidence and endurance reign supreme. If you are confident enough to know you can endure any situation to protect all the dogs in your care from one another, you will be able to experience a high level of comfort. True status as a mentor is bringing balance to a pack and leading it. Protecting all of its members and providing for their needs; that is what a good mentor does. Everyone has the ability to be a mentor at some time in their life but having the confidence to lead every day while making sure everyone is accounted for is not easy. However, if you can be a vigilant mentor and account for everyone you will find that you rarely have dogs attacking or fighting with anyone. Here are some quick tips to help dogs realize you are a vigilant mentor. Use the tips provided only while in the presence of dogs or people may think you are weird.

Quick tips:

- Always stand with dominant but relaxed posture, be prepared at all times. Head high, shoulders engaged but relaxed.

- Use a voice with command and echo, never sound desperate.
- When a dog is not listening, keep your shoulders and body-language relaxed but fixed onto the dog. Stand in place and use commands, then walk briskly if needed. Never run while corralling a dog. When in a yard or enclosure attempt to gain the dog's trust by waiting for them to come to you. However, do not wait too long. Show them that you are in charge.
- Eye contact is key, if a dog looks at you in the eyes while you speak, it usually means they are listening. Be worried if you can see the bottom white parts of the eyeballs during interactions as this can be a sign of aggression. Low head hanging and rapid eye movement is not good.
- Never turn your back on an aggressive dog. Do not be shy of confrontation, be prepared to protect humans and dogs from an aggressive dog.
- Smile!... smiling lets a dog know you do not suck (this tip can be used around humans). Some dogs are afraid if you smile with your teeth shown. Fremont Dog Plaza typically smiles at dogs with a closed mouth. Being happier will help the dogs feel less anxiety, thus helping detour aggressive and explosive behavior.
- A vigilant mentor knows how to be equally as fun as they are vigilant, becoming the ultimate mentor.

Injury/Bite Log

If you are experiencing a life-threatening event involving a human, call 9-1-1 and request assistance. If you are experiencing a life-threatening event involving a dog, take them to the nearest emergency veterinarian hospital, not a clinic, the VET HOSPITAL. If the dog is stuck in a life-threatening event, call 9-1-1 and request assistance.

If you have begun to fill out this form, it means a dog has been injured or worse has bitten a human and/or another dog. Please review and fill out the next section thoroughly to catalog the incident.

Date of Incident:

Employee Name(s)/Statement(s):

1. Gather the names of the injured or aggressive dogs involved. Attach their client number, client survey and proof of rabies vaccination to this form. Each employee involved will provide a statement describing the incident.
2. Was a human attacked? If the answer is no, skip to step #7. If bystanders are present or injured, gather their information, and collect a witness statement.
3. How many people were injured? Gather their names and catalog any injuries sustained.
4. Is the aggressive dog(s) foaming at the mouth?
5. Did the aggressive dog(s) try to continue its attack onto people even while in a cage?
6. If you answered yes to any of questions #4-5, call Animal Control and tell them about the situation.
7. Was a dog attacked? If the answer is no, skip to step #9.
8. How many dogs are injured? Gather the injured dog names and client numbers, then catalog any injuries received.
9. If any dogs present signs of rabies, contact Animal Control.
10. If any dogs need to be placed in isolation or veterinary care because of illness/injury after an incident, discover and catalog the illness/injury here. Notify the proper parties if needed.
11. If emergency services and/or an insurance company is called, attach all information provided to the injury/bite log.
12. Make sure to organize the Injury/Bite Log into three categories, aggressor(s), injured, and bystanders.

13. Keep everyone's information separate.
14. Save document as: Dog Injury/Bite Log [insert injured or aggressor(s) name], date. Save to Documents in the Injury/Bite Log folder under the appropriate year.

Workplace Safety

Smoke-free Workplace:

Smoking is not allowed in company buildings or work areas at any time. "Smoking" includes the use of any tobacco products (including chewing tobacco), electronic smoking devices, and e-cigarettes.

Smoking is only permitted during break times in designated outdoor areas. Employees using these areas are expected to dispose of any smoking debris safely and properly.

Workplace Violence Prevention:

Fremont Dog Plaza is committed to providing a safe, violence-free workplace for our employees. Due to this commitment, we discourage employees from engaging in any physical confrontation with a violent or potentially violent individual or from behaving in a threatening or violent manner. Threats, threatening language, or any other acts of aggression or violence made toward or by any employee will not be tolerated. A threat may include any verbal or physical harassment or abuse; attempts to intimidate others; menacing gestures; stalking; or any other hostile, aggressive, and/or destructive actions taken for the purposes of intimidation. This policy covers any violent or potentially violent behavior that occurs in the workplace or at company-sponsored functions.

All Fremont Dog Plaza employees bear the responsibility of keeping our work environment free from violence or potential violence. Any employee who witnesses or is the recipient of violent behavior should promptly inform their manager, manager, or HR department. All threats will be promptly investigated. No employee will be subject to retaliation, intimidation, or discipline as a result of reporting a threat in good faith under this guideline.

Any individual engaging in violence against the company, its employees, or its property will be prosecuted to the full extent of the law. All acts will be investigated, and the appropriate action will be taken. Any such act or threatening behavior may result in disciplinary action up to and including termination.

Fremont Dog Plaza prohibits the possession of weapons on its property at all times, including our parking lots or company vehicles. Additionally, while on duty, employees may not carry the following weapons. Weapons include, but are not limited to, handguns, rifles, automatic weapons, knives that can be used as weapons (excluding pocketknives, utility knives, and other instruments that are used to open

packages or cut string or some other miscellaneous task), martial arts paraphernalia, and tear gas. Any employee violating this policy is subject to discipline up to and including dismissal for the first offense.

The company reserves the right to inspect all belongings of employees on its premises, including packages, briefcases, purses and handbags, gym bags, and personal vehicles on company property. In addition, Fremont Dog Plaza may inspect the contents of lockers, storage areas, file cabinets, desks, and workstations at any time and may remove all company property and other items that are in violation of company rules and policies.

Commitment to Safety:

Protecting the safety of our employees and visitors is the most important aspect of running our business.

All employees have the opportunity and responsibility to contribute to a safe work environment by using commonsense rules and safe practices and by notifying management when any health or safety issues are present. All employees are encouraged to partner with management to ensure maximum safety for all. At any time, employees can fill out an Employee Workplace Safety and Harm Reduction Report.

In the event of an emergency, notify the appropriate emergency personnel by dialing 9-1-1 to activate the medical emergency services.

Any workplace injury, accident, or illness must be reported to the employee's manager as soon as possible, regardless of the severity of the injury or accident. Always refer to the Accident Prevention Program for information on workplace safety procedures.

In the event of a significant injury or illness, always fill out an Employee Injury/Illness Report. Every employee must complete a report if they were working in a facility at the time of a significant injury or illness. Sending someone home sick with a common virus or body soreness does not count as significant.

Emergency Closings:

Fremont Dog Plaza will always attempt to be open for business. In situations in which some employees are concerned about their safety, management may advise managers to notify their departments that the office is not officially closed, but employees may choose to leave the office if they feel uncomfortable.

If the office is officially closed during the course of the day, we permit employees to leave early. Nonexempt employees that are working on-site the time of the closing will be paid for a full day. If you leave earlier than the official closing time, you will be paid only for actual hours worked, or you can take PTO time. Exempt employees will be paid for a normal full day but are expected to complete their work at another time.

Disaster Preparedness:

In extreme cases when there is a natural disaster, please refer to guidance from local authorities as well as Fremont Dog Plaza APP (Accident Prevention Program). Do not make sudden or immediate decisions that can impact other people. Do not panic, remain calm to try and best understand the situation.

Always consult local authorities for guidance before making immediate decisions or acting in place of public safety officials.

First-Aid:

If a first-aid chest is ever needed they are hanging on the wall of the bathroom, in the lobby, and each company vehicle. We also supply small first aid pouches to dog walkers. Please do not administer first-aid unless you are trained to do so and/or being guided by someone who is trained to provide advanced medical treatments. Do not attempt to provide medical treatments that have not been taught via proper training. All employees must complete their CPR certification of both human and canine within 1 year of hiring. Failing to comply will lead to termination of employment.

Employee Injury/Illness Report

Full Name: **Time:**

Injury or Illness: **Date:**

Short Description: **Incident #:**

Were you involved or nearby the incident when it occurred? **(Yes/No)**

Did you call 9-1-1? **(Yes/No)**

From your observation, was anyone at fault? **(Yes/No)**

Please describe what you were doing at the time of the incident…

On a scale of 1-10, how stressed did this situation cause you to feel?

Employee Workplace Safety and Harm Reduction Report

Full Name: **Time:**

Date:

Description of safety or coworker concern:

How would you like us to fix it?

On a scale of 1-10, how satisfied are you with the current level of workplace safety?

Workplace Guidelines

Attendance:

All employees are expected to arrive on time, ready to work, every day they are scheduled to work.

When an employee is unable to arrive at work on time, or if an employee will be absent for an entire day, the employee must contact the manager as soon as possible via email, text, or phone call/voicemail. Excessive absenteeism or tardiness will result in discipline up to and including termination. Failure to show up or call in for a scheduled shift without prior approval also may result in discipline up to and including termination. If an employee fails to report to work or call in to inform the manager of the absence for 3 consecutive days or more, the employee will be considered to have voluntarily resigned employment.

Job Performance:

Communication between employees and managers or managers is very important. Discussions regarding job performance are ongoing and often informal. Employees should initiate conversations with their managers if they feel additional ongoing feedback is needed.

Generally, formal performance reviews are conducted annually. These reviews include a discussion between the employee and the manager about job performance and expectations for the coming year.

Outside Employment:

Employees are generally permitted to work a second job as long as it does not interfere with their job performance or create a conflict of interest with Fremont Dog Plaza.

Employees with a second job are expected to work their assigned schedules. A second job will not be considered an excuse for poor job performance, absenteeism, tardiness, leaving early, refusal to travel, or refusal to work overtime or different hours. In addition, employees who have accepted outside employment may not use paid sick time to work on the outside job. However, an employee on a leave of absence may continue to work in the outside job if this employment has been approved by the company under this policy and the employee's reason for leave does not preclude the outside employment.

If outside work activity causes or contributes to job-related problems, it must be discontinued, or the employee may be subject to disciplinary action up to and including termination.

Computers, Internet, Email, and Other Resources:

The company provides a wide variety of communication tools and resources to employees for use in running day-to-day business activities. Whether it is the telephone, voicemail, scanner, Internet, email, text messaging, portable electronic devices, or any other company-provided technology, use should be reserved for business-related matters during working hours. All communication using these tools should be handled in a professional and respectful manner.

Employees should not have any expectation of privacy in their use of company computer, phone, portable electronic devices, or other communication tools. All communications made using company-provided equipment or services, including email and Internet activity, are subject to inspection by the company. Employees should keep in mind that even if they delete an email, a voicemail, or another communication, a copy may be archived on the company's systems.

Employee use of company-provided communication systems, including personal email and internet use, that is not job-related has the potential to drain, rather than enhance productivity and system performance. You should also be aware that information transmitted through e-email and the Internet is not completely secure or may contain viruses or malware, and information you transmit and receive could damage the company's systems, as well as the reputation and/or competitiveness of the company. To protect against possible problems, delete any email messages before opening that are received from unknown senders and advertisers. It also is against company policy to turn off antivirus protection software or make unauthorized changes to system configurations installed on company computers. Violations of this policy may result in termination for a first offense.

The company encourages employees to use email only to communicate with fellow employees, suppliers, customers, or potential customers regarding company business. Internal and external emails are considered business records and may be subject to federal and state recordkeeping requirements, as well as to discovery in the event of litigation. Be aware of this possibility when sending emails within and outside the company.

All use of company-provided communications systems, including email and Internet use, should conform to our company guidelines/policies, including but not limited to the Equal Opportunity, Harassment, Confidential Information, and Conflicts of Interest. So, for example, employees should not engage in harassing or discriminatory behavior that targets other employees or individuals because of their protected class status or make defamatory comments. Similarly, employees should not divulge confidential information such as trade secrets, client lists, or information restricted from disclosure by law on social media sites.

Because email, telephone, voicemail, and Internet communication equipment are provided for company business purposes and are critical to the company's success, your communications may be accessed without further notice by IT department administrators and company management to ensure compliance with this guideline.

The electronic communication systems are not secure and may allow inadvertent disclosure, accidental transmission to third parties, etc. Sensitive information should not be sent via unsecured electronic means.

Employees should pay particular care to the use and security of portable electronic devices when used for business-related purposes, such as laptops, tablets, smartphones, and other data storage media, whether provided by the employer or the employee. Lost or stolen portable electronic devices containing company information may cause breaches of security that result in the loss of company confidential commercial data, the loss of vital research data, the unauthorized disclosure of sensitive employee data, lawsuits against the individual, and lawsuits against the company. Employees should use appropriate password protections for such devices and physically secure them as recommended by IT department administrators.

Office telephones are for business purposes. While the company recognizes that some personal calls are necessary, these should be kept as brief as possible and to a minimum. Personal use of the company's cell phones, long-distance account, or toll-free numbers is strictly prohibited. Abuse of these privileges is subject to corrective action up to and including termination.

The company reserves the right to monitor customer calls to ensure employees abide by company quality guidelines and provide appropriate levels of customer service. Should the subject matter of any telephone conversation become personal while monitoring is taking place, monitoring of the call will immediately be discontinued.

Nothing in this policy is meant to, nor should it be interpreted to, in any way limit your rights under any applicable federal, state, or local laws, including your rights under the NLRA to engage in protected concerted activities with other employees to improve or discuss terms and conditions of employment, such as wages, working conditions, and benefits. Employees have the right to engage in or refrain from such activities.

Disciplinary Procedure:

The company expects employees to comply with the company's standards of behavior and performance and to correct any noncompliance with these standards.

Under normal circumstances, the company endorses a policy of progressive discipline in which it attempts to provide employees with notice of deficiencies and an opportunity to improve. The company does, however, retain the right to administer discipline in any legal manner necessary to protect itself and its constituents. This policy does not modify the status of employees as employees at will or in any way restrict the company's right to bypass the disciplinary procedures suggested.

The following steps are suggested in the discipline procedure. All steps should be documented in the employee's personnel file.
Step 1: Informal Discussion. When a performance problem is first identified, the nature of the problem and the action necessary to correct it should be thoroughly discussed with the employee.

Step 2: Counseling. If a private informal discussion with the employee has not resulted in corrective action, following a thorough investigation, the manager should meet with the employee and (a) review the problem, (b) permit the employee to present information regarding the problem, (c) advise the employee that the problem must be corrected, (d) inform the employee that failure to correct the problem will result in further disciplinary action that may include discharge, and (e) issue a counseling notice to the employee.

Step 3: Reprimand. If satisfactory performance and corrective action are not achieved under Steps 1 and 2, the manager and a representative from the HR department should meet with the employee in private

and proceed to issue a reprimand notice to the employee. The notice should outline basic performance and the general issue. Next, the notice should tell the employee a proper course of action to fix the issues before the behavior culminates into larger problems.

Step 4: Suspension. Managers have the authority to temporarily remove employees from the workplace, with or without pay, if approved in advance by the department director and the director of HR. An exempt employee generally may not be suspended without pay for less than a full day, and the suspension must be related to written workplace conduct rules applicable to all employees, such as a written policy prohibiting sexual harassment or workplace violence.

Step 5: Failure to improve. Failure to improve performance or behavior after the written warning or suspension can result in termination.

The progressive disciplinary procedures described above also may be applied to an employee who is experiencing a series of unrelated problems involving job performance or behavior.

In cases involving serious misconduct, or any time the manager determines it is necessary, such as a major breach of policy or violation of law, the procedures contained above may be disregarded. Typically, the manager should suspend the employee immediately (with or without pay), and an investigation of the incidents leading up to the suspension should be conducted to determine if any further action, such as termination or legal action, should be taken.

Employee Hygiene and Uniform Guide

Uniform and Dress Code:

At Fremont Dog Plaza we believe individualism is key to success. We feel a person should have power over their wardrobe and is something we seek to encourage. Yet, there are a few key things to remember while dressing for work. Wear durable shoes meant to walk all day. Make sure the shoes match the correct season, for example, do not wear summer shoes in the winter and vice versa. Have active workwear pants with lots of pockets. Cargo pants can be very useful for carrying things during work! Wear a comfortable shirt to be worn with a work vest. At Fremont Dog Plaza everyone must wear a provided work vest or T-shirt displaying the DDT logo. Employees may wear a work vest or T-shirt or both! There will be aprons and safety glasses (personal glasses are good enough) provided, these must be worn at all times. Employees are more than welcome to bring their own apron and safety glasses if they are deemed appropriate. Employees may wear gloves, but they are optional and must be approved. Other than a vest or shirt, apron, and safety glasses, we support our employees to accessorize in ways that help them feel individual. However, anything worn to make a statement towards others rather than display individuality, will not be tolerated. The business owner and managers, within reason, have a final say in regard to appropriate attire and will send anyone home if they are deemed to be dressed inappropriately for work at Fremont Dog Plaza.

Personal Hygiene:

Employees are expected to show up to work while maintaining a high standard of hygiene. Trim nails as to make sure they are not too sharp. Please do not apply products which create a lot of smell, dogs have

very sensitive noses and can become sick from heavy amounts of odor caused by deodorant, perfume, cologne, scented lotions, creams, soap, or shampoos. Employees with long hair should pull their hair back and put it up as to protect themselves from entanglements with dog harnesses or collars. Dogs may also pull hair while they are having fun, if it is long enough, so beware! The only time employees are expected to put their hair up is while cleaning, feeding or grooming dogs. Employees with long beards or facial hair may want to tuck their hair into their shirt or proceed at their own risk! Do not show up to work while sick or injured. We will send employees home if we can tell they are sick or injured.

PPE (Personal Protective Equipment):

Including the previously mentioned work attire, at Fremont Dog Plaza there is required gear for cleaning. While cleaning always wear protective gear. This includes wearing gloves, smock, and apron for all cleaning tasks. When cleaning the floor or ground, wear rubber boots to protect your feet. Wear a face mask and head covering while working around heavy airborne debris, gases, and vapors. Wear shoe covers in isolation areas. Always clean PPE after use, disinfect and put away dry. Do not throw away reusable PPE.

Time Off and Leaves of Absence

Holidays

The company observes and allows time off with pay for the following holidays:

- New Years — December 31st and January 1st
- Memorial Day
- Independence Day — July 4th and July 5th
- Labor Day

- Thanksgiving Day
- Christmas December 24th and 25th

Any additional holidays will be designated by the company at the start of each calendar year. If one of these holidays falls on a Sunday, it will be observed on the following Monday. If the holiday falls on a Saturday, the company will select either the following Monday or the preceding Friday as a substitute holiday. The company reserves the right to pay eligible employees in lieu of time off if the holiday falls on Saturday.

Holiday Pay:

Full-time regular employees are eligible for holiday pay. Hourly nonexempt employees become eligible after they have been actively with the company for 3 months. Exempt salaried employees may receive holiday pay immediately upon joining the company. Part-time and temporary employees, including summer employees, are not eligible for holiday pay.

Holiday pay shall be at the employee's regular straight-time rate, inclusive of shift premiums, times the employee's regularly scheduled hours (not to exceed 8 hours).

To receive holiday pay, an eligible nonexempt employee must be at work or taking an approved absence on the workdays immediately preceding and immediately following the day on which the holiday is observed. An approved absence is a day of paid vacation or paid sick leave. If an employee is absent on 1 or both of these days because of an illness or injury, the company may require verification of the reason for the absence before approving holiday pay.

Vacation:

Fremont Dog Plaza recognizes the importance of time off from work to relax, spend time with family, and enjoy leisure activities. The company provides paid vacation time to full-time employees for this purpose, and employees are encouraged to take vacation during the year. Part-time employees who are regularly scheduled to work 20 or more hours per week will be eligible for paid vacation on a pro rata schedule.

Full-time employees will accrue 2 weeks of paid vacation after 1 year of employment. Fremont Dog Plaza's vacation plan is flexible and handled as needed for all employees.

Generally, employees should submit vacation plans to their manager at least 4 weeks in advance of the requested vacation date. Vacation may be scheduled in increments of 1 full workday up to a maximum of 2 full weeks. Managers have the right to designate when some or all of vacations must be taken.

Vacation should be used in the year it is earned. Employees will be permitted to carry over up to 5 days of accrued vacation to the following calendar year, but the carryover vacation must be used by March 31 of the following year. Unused vacation will be forfeited.

Religious Observances:

Employees who need time off to observe religious practices or holidays not already scheduled by the company should speak with their manager. Depending upon business needs, the employee may be able to work on a day that is normally observed as a holiday and then take time off for another religious day. Employees may also be able to switch a scheduled day with another employee, take vacation time, or take off unpaid days. The company will seek to reasonably accommodate individuals' religious observances.

Leaves of Absence

Sick Leave:

Fremont Dog Plaza provides regular, full-time, and part-time employees with paid sick days. Similar to vacation time off, Fremont Dog Plaza is flexible with sick days but will not tolerate unnecessary sick days or abuse of the system. Employees will receive "x" number of sick days, every month. Generally, "x" will equal three sick days per month per employee. That means "x" will equal 3 days of sick leave, per month.

Sick days are not intended to be used as a substitute for vacation days, but sick days may be used if an employee needs to provide care for a family member who is ill. Sick days may also be used if an employee needs time off for scheduled medical procedures.

If the need for sick leave is foreseeable, employees are required to give at least 30 days' advance notice (e.g., a planned medical treatment) whenever possible. If the need for sick leave is not foreseeable, employees are asked to notify their manager as soon as is practical.

If an employee misses 3 or more consecutive days because of illness, Fremont Dog Plaza may require the employee to provide a physician's written permission to return to work.

Except as required by state law, unused sick days are forfeited when an employee's employment ends for any reason.

Family and Medical Leave:

Fremont Dog Plaza complies with the federal FMLA, which requires employers to grant unpaid leaves of absence to qualified workers for certain medical and family-related reasons. The company also abides by any state and local leave laws. The more generous of the laws will apply to the employee if the employee is eligible under both federal and state laws.

Please note there are many requirements, qualifications, and exceptions under these laws, and each employee's situation is different. Contact the HR manager to discuss options for leave.

Basic Leave Entitlement:

The FMLA requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to eligible employees for the following reasons: (1) for incapacity due to pregnancy, prenatal medical care, or childbirth; (2) to care for the employee's child after birth or placement for adoption or foster care; (3) to care for the employee's spouse, child, or parent who has a serious health condition; or (4) for a serious health condition that makes the employee unable to work.

Military Family Leave Entitlements:

Eligible employees with a spouse, child, or parent on active duty or called to active-duty status in the National Guard or Reserves in support of a contingency operation may use their 12-week leave entitlement to address certain qualifying exigencies. Qualifying exigencies may include addressing issues that arise from (1) short notice of deployment (limited to up to 7 days of leave); (2) attending certain military events and related activity; (3) arranging child care and school activities; (4) addressing certain financial and legal arrangements; (5) attending certain counseling sessions; (6) spending time with covered military family members on short-term temporary rest and recuperation leave (limited to

up to 5 days of leave); (7) attending post deployment reintegration briefings; (8) arranging care for or providing care to a parent who is incapable of self-care; and (9) any additional activities agreed upon by the employer and employee that arise out of the military member's active duty or call to active duty.

The FMLA also includes a special leave entitlement that permits eligible employees to take up to 26 weeks of leave to care for a covered servicemember during a single 12-month period. A covered servicemember is a current member of the armed forces, including a member of the National Guard or reserves, who has a serious injury or illness incurred in the line of duty on active duty that may render the servicemember medically unfit to perform the duties of the servicemember's office, grade, rank, or rating and for which the servicemember is undergoing medical treatment, recuperation, or therapy; is in outpatient status; or is on the temporary disability retired list.

Benefits and Protections During FMLA Leave:

During FMLA leave, the company will maintain the employee's health coverage under any "group health plan" on the same terms as if the employee had continued to work. Upon return from FMLA leave, most employees will be restored to their original or equivalent positions with equivalent pay, benefits, and other employment terms. However, an employee on FMLA leave does not have any greater right to reinstatement or to other benefits and conditions of employment than if the employee had been continuously employed during the FMLA leave period.

Certain highly compensated key employees also may be denied reinstatement when necessary to prevent "substantial and grievous economic injury" to the company's operations. A "key" employee is an eligible salaried employee who is among the highest-paid 10 percent of the company's employees within 75 miles of the worksite. Employees will be notified of their status as key employees, when applicable, after they request FMLA leave.

Use of FMLA leave cannot result in the loss of any employment benefit that accrued before the start of an employee's leave.

Employee Eligibility:

The FMLA defines eligible employees as employees who (1) have worked for the company for at least 12 months; (2) have worked for the company for at least 1,250 hours in the previous 12 months; and (3) work at or report to a worksite that has 50 or more employees or is within 75 miles of company worksites that, taken together, have a total of 50 or more employees.

Definition of Serious Health Condition:

A serious health condition is an illness, an injury, an impairment, or a physical or mental condition that involves either an overnight stay in a medical care facility or continuing treatment by a healthcare provider for a condition that either prevents the employee from performing the functions of the employee's job or prevents the qualified family member from participating in school, work, or other daily activities.

Subject to certain conditions, the continuing treatment requirement may be met by a period of incapacity of more than 3 consecutive calendar days combined with at least 2 visits to a healthcare provider or 1 visit and a regimen of continuing treatment, incapacity due to pregnancy, or incapacity due to a chronic condition. Other conditions may meet the definition of "continuing treatment."

Use of Leave:

An employee does not need to use this leave entitlement in one block. Leave can be taken intermittently or on a reduced work schedule when medically necessary. Employees must make reasonable efforts to schedule leave for planned medical treatment so as not to unduly disrupt the employer's operations. Leave due to qualifying exigencies also may be taken on an intermittent or a reduced work schedule basis.

Substitution of Paid Leave for Unpaid Leave:

Employees may choose or employers may require the use of accrued paid leave while taking FMLA leave. Accordingly, the company requires employees to use any accrued paid vacation, personal, and sick days during an unpaid FMLA leave taken because of the employees' own serious health condition or the serious health condition of a family member or to care for a seriously ill or injured family member in the military. In addition, employees must use any accrued paid vacation or personal days (but not sick days) during FMLA leave taken to care for a newborn or newly placed child or for a qualifying exigency arising out of a family member's active duty or call to active-duty status in support of a contingency operation. In order to use paid leave for FMLA leave, employees must comply with the company's normal paid leave procedures found in its Vacation and Sick Leave policies.

Employee Responsibilities:

Employees must provide 30 days' advance notice of the need to take FMLA leave when the need is foreseeable. When 30 days' notice is not possible, employees must provide notice as soon as practicable and generally must comply with the company's normal call-in procedures. The company may delay leave to employees who do not provide proper advance notice of the foreseeable need for leave, absent unusual circumstances preventing the notice.

Employees must provide sufficient information for the company to determine if the leave may qualify for FMLA protection and the anticipated timing and duration of the leave. Sufficient information may include that the employee is unable to perform job functions, the family member is unable to perform daily activities, the need for hospitalization or continuing treatment by a healthcare provider, or circumstances supporting the need for military family leave. Employees also must inform the company if the requested leave is for a reason for which FMLA leave was previously taken or certified. Employees also are required to provide a certification and periodic recertification supporting the need for leave. The company also may require a second and, if necessary, a third opinion (at the company's expense) and, when the leave is a result of the employee's own serious health condition, a fitness-for-duty report to return to work. The company also may delay or deny approval of leave for lack of proper medical certification.

Company Responsibilities:

The company will inform employees requesting leave whether they are eligible under the FMLA. If they are, the notice will specify any additional information required, as well as the employees' rights and responsibilities. If employees are not eligible, the company will provide a reason for the ineligibility.

The company will inform employees if leave will be designated as FMLA-protected and the amount of leave counted against the employees' FMLA leave entitlement. If the company determines that the leave is not FMLA-protected, the company will notify the employees.

Other Provisions:

Under an exception to the FLSA in the FMLA regulations, hourly amounts may be deducted for unpaid leave from the salary of executive, administrative, and professional employees; outside sales representatives; certain highly skilled computer professionals; and certain highly compensated employees who are exempt from the minimum wage and overtime requirements of the FLSA, without affecting the employees' exempt status. This special exception to the "salary basis" requirements for the FLSA's exemptions extends only to eligible employees' use of FMLA leave.

Employees may not perform work for self-employment or for any other employer during an approved leave of absence, except when the leave is for military or public service or when the company has approved the employment under its Outside Employment policy and the employees' reason for FMLA leave does not preclude the outside employment.

Unlawful Acts by Employers:

The FMLA makes it unlawful for any employer (1) to interfere with, restrain, or deny the exercise of any right provided under the FMLA or (2) to discharge or discriminate against any person for opposing any practice made unlawful by the FMLA or for involvement in any proceeding under or relating to the FMLA.

Enforcement:

An employee may file a complaint with the U.S. Department of Labor or may bring a private lawsuit against an employer.

The FMLA does not affect any federal or state law prohibiting discrimination or supersede any state or local law or collective bargaining agreement that provides greater family or medical leave rights.

Bereavement Leave:

Employees with more than 3 months' service may take up to 3 days of paid bereavement leave upon the death of a member of their immediate family. "Immediate family members" are defined as an employee's spouse, domestic partner, parents, stepparents, siblings, children, stepchildren, grandparent, parent-in-law, brother-in-law, sister-in-law, son-in-law, daughter-in-law, or grandchild. All regular, full-time employees may take up to 1 day off with pay to attend the funeral of an extended family member (aunts, uncles, and cousins).

The company may require verification of the need for the leave. The employee manager and HR will consider this time off on a case-by-case basis.

Payment for bereavement leave is computed at the regular hourly rate to a maximum of 8 hours for 1 day. Time off granted in accordance with this policy shall not be credited as time worked for the purpose of computing overtime.

Jury Duty/Court Appearance:

The company supports employees in their civic duty to serve on a jury. Employees must present any summons to jury duty to their manager as soon as possible after receiving the notice to allow advance planning for an employee's absence.

Nonexempt employees will be paid for up to 2 weeks of jury duty service at their regular rate of pay, minus any compensation received from the court for the period of service. Exempt employees are

subject to the same 2-week limitation except that they will also receive pay for any days they serve as a juror or witness in a workweek in which they actually perform work. All employees may use any accrued time off if required to serve more than 2 weeks on a jury.

If an employee is released from jury duty after 4 hours or less of service, the employee must report to work for the remainder of that workday.

Time for appearance in court for personal business will be the individual employee's responsibility. Normally, personal days or vacation days will be used for this purpose.

Employee Benefits

Fremont Dog Plaza recognizes the value of benefits to employees and their families. The company supports employees by offering a comprehensive and competitive benefits program. For more information regarding benefit programs, please contact the HR manager.

Medical Insurance:
Full-time employees working 30 hours or more per week are eligible for insurance on the first of the month following 60 days of service. To keep coverage in force, every insured employee must work a minimum of 30 hours per week.

Short-Term Disability:
Short-term disability is offered to full-time employees working a minimum of 30 hours per week. Employees are eligible for this benefit on the first of the month following 30 days of service. Short-term disability is meant to bridge the 90-day period until long-term disability can cover an employee. If an employee becomes disabled and cannot work for a short period of time, this coverage pays 60 percent of the employee's salary, up to the policy limits. This is a voluntary benefit and is funded solely by the employee. In addition, employees will not be paid vacation or sick leave for approved absences covered by the company's program, except to supplement the short-term disability benefits.
Short-term disability benefits may run concurrently with FMLA leave and/or any other leave when permitted by state and federal law.

Some states have a mandatory disability program whereby you may be charged a premium in the form of a payroll tax. You may elect to purchase the company disability benefits as a supplement to the state program.

Long-Term Disability:
Long-term disability benefits are offered to full-time employees working a minimum of 30 hours per week. If an employee becomes totally disabled and cannot work for an extended period of time, this coverage pays 60 percent of the employee's salary, up to the policy limits. This is a voluntary benefit and is funded solely by the employee.

Long-term disability benefits will run concurrently with FMLA leave and/or any other leave when permitted by state and federal law.

Workers' Compensation:
Is a "no-fault" system that provides compensation for medical expenses
and wage losses to employees who are injured or who become ill because of employment.
Fremont Dog Plaza pays the entire cost of workers' compensation insurance. The insurance provides coverage for related medical and rehabilitation expenses and a portion of lost wages to employees who sustain an injury on the job.

The company abides by all applicable state workers' compensation laws and regulations.
If an employee sustains a job-related injury or illness, it is important to notify the manager and HR immediately. The manager will complete an injury report with input from the employee and return the form to the HR department. HR will file the claim with the insurance company. In cases of true medical emergencies, report to the nearest emergency room.

Workers' compensation benefits (paid or unpaid) will run concurrently with FMLA leave, if applicable, where permitted by state and federal law. In addition, employees will not be paid vacation or sick leave for approved absences covered by the company's workers' compensation program, except to supplement the workers' compensation benefits such as when the plan only covers a portion of the employees' salary as allowed by state law.

EMPLOYEE ACKNOWLEDGMENT AND RECEIPT OF HANDBOOK

I hereby acknowledge receipt of the employee handbook of Fremont Dog Plaza. I understand and agree that it is my responsibility to read and comply with the policies in the handbook.

I understand that the handbook and all other written and oral materials provided to me are mandatory workplace practice and procedure. I understand that the policies and benefits, both in the handbook and those communicated to me in any other fashion, are subject to interpretation, review, removal, and change by management at any time without notice.

I further understand that I am an at-will employee and that neither this document nor any other communication shall bind the company to employ me now or hereafter and that my employment may be terminated by me or the company without reason at any time. I understand that no representative, other than the president of the company, has any authority to enter into any agreement for employment for any specified period of time or to assure any other personal action or to assure any benefits or terms or conditions of employment or make any agreement contrary to the foregoing.

I also understand and agree that this agreement may not be modified orally and that only the president of the company may make a commitment for employment. I also understand that if such an agreement is made, it must be in writing and signed by the president of the company.
